DAILY WEATHER REPORT.

Summary of observations recorded at 8 hours on Friday, the 14th July, 1922, giving data for the preceding 24 hours:—

The Punjab.—Skies are moderately clouded in the south-east of the division and at Rawalpindi and Hissar humidity is in defect. Temperature was above normal in the north and east Punjab.

The United Provinces:—Cawnpore reports 0.21in., Jhansi 0.14in. and Allahabad 0.56in. of rain. Skies are moderately or heavily clouded and at Jhansi day temperature was lower than usual.

Sind and Rajputana.—Skies are clear in upper Sind and lightly or moderately clouded elsewhere. Humidity is in defect except at Kotah. Day temperature was above normal in north and central Rajputana but below it at Jacobabad. Night temperature was higher than usual at Bikaner, Ajmer and Jodhpur.

Gujarat, Kathiawar and Central India West.—Surat reports 1.10in., Neemuch 1.51in. and Indore 0.90in. of rain. Skies are in general heavily clouded and in south Gujarat and Central India West humidity is in excess. Day temeprature was above normal at Rajkot and in north Gujarat, but was below it at Indore.

The Central Provinces.—Rain has been nearly general and heavy in the north and local in the south-east of the reporting area. Jubbulpore reports 0.80in., Sangor 3.91in. Hoshangabad 3.50in. and Shanda 0.17in. Skies are moderately or heavily clouded and in the north of the division humidity is in excess and temperature was lower than usual.

The Konkan.—All stations report rain. Bombay had 0.75in., Ratnagiri 1.60in., Mormugao 1.45in. and Karwar 1.30in. Skies are moderately or heavily clouded.

The Bombay Deccan and Hyderabad.—Belgaum reports 0.39in., Aurangabad 0.83in. and Hyderabad 0.14in. of rain. Skies are moderately or heavily clouded and at Hyderabad day temperature was higher than usual.

General Remarks.—The monsoon has strengthened on the west coast of the Peninsula and has been active in the central parts of the reporting area. Rain has fallen nearly generally in Malabar, the Konkan and Central India West and locally in Hyderabad, south Gujarat, the Central Provinces and the United Provinces. A few falls have occurred in the Bombay Deccan. Mangalore reports a heavy fall of 4.90in., Saugor of 3.91in., Hoshangabad of 3.50in. and Calicut of 2.80in; other notable falls amounting to 1.51in. at Neemuch and 1.10in. at Surat. The sea is reported as tremendous from Trivandrum and as rough from Colombo, Mangalore, Karwar and Mormugao.

Forecast.—An extension of rain is likely in the Bombay Deccan and in Gujarat and Kathiawar.

India Telegraphic Summary for the 13th July, 1922:—

The monsoon has been active outside north-west India and south Deccan. Rainfall has been nearly general in Lower Burma, Bengal, Orissa, Bihar, the east United Provinces, Central India East, the Central Provinces and on the west coast of the Peninsula and north Hyderabad, and local in Upper Burma, Chota-Nagpur, the west United Provinces and Mysore. A few falls have also occurred in Assam, east Rajuptana, the Bombay Deccan and south-east Madras.

NOTICE TO SHIP-OWNERS AND AGENTS.

WANTED TENDERS.
FOR PIECE-GOODS FREIGHT CONTRACT.

NOTICE IS HEREBY GIVEN that the undersigned are prepared to receive TENDERS of the RATES of FREIGHT at which Owners of the Steam Ships are prepared to contract for the carrying of PIECE-GOODS from Manchester, Liverpool, Birkenhead and Glasgow, via Suez Canal to Bombay upon the following terms:—

1. The Ship-Owners shall undertake to despatch not less than four and not more than seven steamers every month for the purposes of the members of the Association for a year at least or five years at the most with intervals of sailings of not less than three and not more than seven days between the sailing of each steamer. Such steamer must be classed 100A1 in Lloyd's Shipping Register or B. S. in the Register of the British Corporation, having a Registered Measurement of not less than 1,200 tons. Steamers to sail from Glasgow via Suez Canal for Bombay calling at Manchester, Liverpool or Birkenhead and to receive at either of the said Ports such packages of Piece-Goods belonging to the members of the Association as may be ready for shipment at above ports two days before time of sailings, such steamer running as aforesaid to accept at each trip not less than 10,000 packages, if so many be ready for shipment at each of such trips.

2. The members of the Association severally are to undertake to ship by the steamers so to be despatched all Piece-Goods which they may import from Great Britain into Bombay but will not guarantee any particular amount of packages.

Copies of the contract, containing terms similar to these can be had from the undersigned. The Agents of the Bombay Office of the Steam Ship-Owners will be made parties to the contract so as to render themselves as well as their Principals responsible for the due performance by the latter of the terms.

3. The rates to be tendered must be:—
   (a) For freight from Glasgow to Bombay, and
   (b) For freight from Manchester Warehouse to Bombay and in both cases inclusive of all charges, including free delivery in the Bombay Docks. Goods from other towns to be treated as Manchester Goods to the extent of an allowance to Shippers of the equivalent of the carriage from Manchester warehouse to alongside steamer.

Sealed Tenders addressed to the undersigned much reach them on or before 30th September, 1922.

No undertaking is given that the lowest or any tender will be accepted.

IN THE HIGH COURT OF JUDICATURE AT BOMBAY.

ORDINARY ORIGINAL CIVIL JURISDICTION.

In the matter of the Sholapur Spinning and Weaving Co. Ltd.

and

In the matter of the Indian Companys Act VII of 1913.

NOTICE IS HEREBY GIVEN that a petition was on the 12th day of July, 1922, presented to the High Court of Judicature at Bombay by the abovenamed Company to confirm an alteration of the said Company's Memorandum of Association proposed to be effected by two special resolutions of the Company passed on the 28th day of April, 1922, and subsequently confirmed at an extraordinary general meeting of the said Company held on the 18th day of May, 1922 and which resolutions run as follows:—

RESOLUTION I.

That the provisions of the Memorandum of Association of the Company with respect to the Company's objects to be altered by substituting the following for clause III of such Memorandum of Association viz:—

III. The objects for which the Company is established are—

(a) To carry on the business of cotton manufacturers and of importers of cotton waste and silk and all products thereof and the business of cotton spinners and doublers, combers and weavers, and of dyers, bleachers and cleaners and manufacturers of and dealers in dyeing and bleaching materials; and to comb, spin, wind, weave, scour, clean, prepare, render marketable and deal in cotton waste, silk and other like substances; and to manufacture, work up, buy, sell, and deal in linen, cloth, silk, satin, satinette, plush, velvet, velveteen, yarn, thread, and other goods and fabrics for the purposes of the Company.

(b) To carry on any other business whether manufacturing or otherwise which may seem to the Company capable of being conveniently carried on in connection with the above or calculated directly or indirectly to enhance the value of or render profitable any of the Company's property or rights.

(c) To acquire and deal with the property following for the purposes of the Company:—
   (1) The business property and liabilities of any company, firm or person, carrying on business within the objects of this Company.
   (2) Lands, buildings, easements and other interests in real estate.
   (3) Plant, machinery, personal estate and effects.
   (44) Patents, patent rights or inventions, designs, trade marks or secret process.
   of any company or undertaking the acquisition of which may promote or advance the interests of this Company.

(d) To perform or do all or any of the following operations, acts or things:—
   (1) To sell, let, dispose of or grant rights over all or any property of the Company.
   (2) To erect buildings, plant and machinery for the purpose of the Company.
   (3) To make experiments in connection with any business of the Company and to protect any inventions of the Company by letters patent or otherwise.
   (4) To grant licenses to use patents, designs or secret processes of the Company.
   (5) To manufacture plant, machinery, tools, goods and things for any of the purposes of the business of the Company.
   (6) To draw, accept and negotiate bills of exchange, promissory notes, and other negotiable instruments.
   (7) To borrow money or to receive money on deposit either without security or secured by debentures, debentuer stock (perpetual or terminable) mortgage or other security charged on the undertaking or all or any of the assets of the Company including uncalled capital.
   (8) To invest money of the Company in such manner (other than in the shares of this Company) as the Directors think fit.
   (9) To enter into arrangements for joint working in business or sharing profits or for amalgamation with any other Company, firm or person carrying on business within the objects of this Company.
   (10) To sell the undertaking and all or any of the property of the Company for cash or for stock, shares or securities of any other Company, or for other consideration.
   (11) To provide for the welfare of persons employed or formerly employed by the Company, or any predecessors in business of the Company, and the wives, widows, and families of such persons by grants of money or other aid or otherwise as the Company shall think fit.
   (12) To subscribe to or otherwise aid, benevolent, charitable, national or other institutions, or objects of a public character, or which have any moral or other claims to support or aid by the Company by reason of the locality of its operations or otherwise, and to make donations to such persons and in such cases as may seem expedient.
   (13) To distribute in specie assets of the Company properly distributable amongst its members.

(e) To do all or any of the things hereinbefore authorised either alone, or in conjunction with or as factors, trustees or agents for others or by or through factors, trustees or agents.

(f) To do all such other things as are incidental or conducive to the attainment of the above objects or any of them.

RESOLUTIONS II.

That Clause VI of the Memorandum of Association of the Company be deleted.

And notice is further given that the said petition is directed to be heard before the Sitting Judge in Chambers on the 4th day of August 1922 and any person interested in the said Company whether as a creditor or otherwise and desirous of opposing the making of an order for the confirmation of the said reoslutions under the above Act should appear at the time of hearing in person or by advocate for the purpose and a copy of the said petition will be furnished to any such person requiring the same by the Company's Solicitors Messrs. Bhaishanker Kanga and Girdharlal Albert Buildings, Hornby Road, Fort, Bombay on payment of the usual charges for the same.

COTTON.

(FROM OUR CORRESPONDENT.)

July 14.

To-day Reuter reported 40 points higher in New York futures. The advance for the last two days is due to weather reports less favorable than expected. The Marwari Bazar opened this morning for F. G. M. G. Broach July August at Rs. 548 and cased to Rs. 542½ in consequence of selling in Oomra September. The prices then fluctuated within a range of two rupees and the rate at 4 p.m. was Rs. 543. The Bazar finally closed at Rs. 545. At Colaba the market opened at Rs. 543 and closed at Rs. 545. Fine M. G. Odmra July was Rs. 471 nominal. While Oomra September opened at Rs. 485½ and declined to Rs. 480½ on selling by a Bull Operator and an Office. From this level it advanced to Rs. 483½ on general buying, which was the rate at 4 p.m. F. G. M. G. Bengal July was nominally quoted Rs. 400.

Our market for ready cotton remained a bit quiet yesterday, and the inquiry was nominal. About 3000 bs. only are reported to have been sold yesterday. In consequence of the lack of buying power prices have eased somewhat, although not to any great extent. The position here is sound although temporarily weak, and if there be any reactions that will only be of a temporary nature.

PIECE-GOODS.

July 14.

A slightly better feeling has been noticeable in the Cloth Market during the past week. There has been a good retail demand, but the wholesale demand has not been satisfactory. As cotton is firm, the Manchester Market is in a strong position and the rains have so far been favourable, the buyers have thought it advisable to purchase small lots according to their requirements. But the fear, that forced sales by needy sellers will depress the market, has been checking free buying at the moment.

In Grey goods it is reported that a lot of five hundred bales 37 and 39 inches and 44 and 45 inches Red End Grey Shirtings of standard quality in different counts has changed hands in the bazaar at low rates. As the lot has been bought by the big merchant who regularly deals in these cloths, it is expected that the bazaar prices will be raised to some extent. Drills have not attracted much attention. Jaconets have been wanted but only in retail quantities. White Shirtings have been neglected. White Mulls have been firm and steady. 58 inches by 20 yards Red End Mulls have advanced by two annas per piece, as also 36 inches by 20 yards Gold End Mulls. Sacharilla Heading White Mulls in 41, 46, 51 and 56 inches by 19 yards have been easier. Nainsooks have not shown any change.

The Manchester Market has been firm and steady. Owing to the clearances of stocks and extended engagements makers have been found more independent to deal with, and a stiff attitude has been presented. Buyers, however, have not responded to the high prices wired out and have refused to follow the advance. The upward movement is considered to be too rapid, but this is due to the fact that more than ninety per cent of the looms in Lancashire are now working. Fresh forward business has therefore been very difficult to arrange, most of the offers having been found too low.

With regard to the desire of Lancashire for equality of import and excise duty on piece-goods it is interesting to note the reply given by Earl Winterton, who said that the day had gone by when the Lancashire cotton industry could claim that its interests in India must be considered as paramount. Sir Percy Newson of Calcutta showed how utterly out of date the Lancashire demand was, and rightly stated that the Indian mind was strongly Protectionist.

Local Mill Cloths have been moving slowly. Values have remained steady, Sheetings at Rs 1-9 and Longcloths at Rs. 1-10 per lb.

YARN MARKET.

July 14.

Our market has remained practically steady throughout the whole week with small fluctuations in rates here and there. Demand has been still slack and spot clearances have not been satisfactory. The irregular movement in raw material, weakness in English and Chinese exchange and unsteadiness in Japanese yarn quotations are more or less factors which are troubling the dealers and consumers who are afraid to commit themselves any further than their immediate requirements. Some of the consuming centres have no satisfactory rush and are hence waiting before entering any substantial purchases.

English yarns have kept at last week's level. 40's grey which hitherto enjoyed a good demand has been slightly dull though there is no big stock. 30s, 34s, 32s water improved in price by about 2 annas per lb. But Japanese competition checked the rise. Mercerised yarns and warps have no large stock. Manchester prices are steady to firm and all offers at lower rates are rejected.

Japanese yarns are slightly weak and 40s has declined to Rs. 1-11-9 20s 30s and 32s show no change. Quotations from Japan are very irregular and no fresh business has been reported.

Indian Mill yarns move pretty well. 6½, 8½, 10½ and 12½s have kept more or less at last week's rates. 12½s Currimbhoy has been in good speculative inquiry and prices have hardened to some extent. Other counts show slackness. China demand is quiet probably due to weak exchange and some shippers try to dispose off their holdings here. Mills are quoting higher rates and no large sales are reported.

It is difficult to speak with any certainty as to what turn our market will take, but if the monsoon proves satisfactory demand will no doubt spring up and prices likely to improve. For some time however, it seems there will be no appreciable change in rates except slight fluctuations here and there.

LOCAL FORWARD MARKET.

July 14.

Fully Good M G Broach July/August opened on the 6th instant at Rs. 546 and advanced on the same day to Rs. 549 on buying on Indore account. From this level it eased to Rs. 538 next day in sympathy with the decline in American markets, and on selling by Japanese houses. From this it steadily advanced to Rs. 561½ on 11th instant in accordance with the advance in Home markets and on buying by a Bull Operator. Again the prices dropped to Rs. 550 on reports of heavy decline in New York which was due to the unfavourable financial position of Germany, and closed on the 12th instant at Rs. 549. Fine M G Oomra July opened on the 6th instant at Rs. 475 and touching Rs. 472 advanced till Rs. 484½ on the 10th instant on buying by Japanese houses, and closed at Rs. 473 on the 12th instant. While Oomra September opened at Rs. 494 on the 6th instant and dropped to Rs. 486 next day on lower advices reported from Home. From this level it advanced to Rs. 495 on the 10th instant on buying by a prominent Japanese Office, and after fluctuating closed at Rs. 486 on the 12th instant. F G M G Bengal July opened at Rs. 396 on the 6th instant and advanced till Rs. 410 closing on the 12th instant at Rs. 402.

ENGLISH MARKETS.

July 14.

During the week under review the Home markets show a moderate decline both in Liverpool and New York, as compared with a week ago. In the beginning the market declined an reports of more favorable weather, and on unfavourable financial position in Germany, and the rapid decline in the value of the mark which was quoted at 2345—£1, as against about 1500 about a fortnight ago. Later on the market improved on private reports of boll-weevils doing damage to the crop. The latest cables from Liverpool show the condition of the crop satisfactory, and we think we may see some decline in the near future but look for a higher tendency of prices in the long run. The tone of our market is steady, and we do not see any probability of much decline in prices. But if the Home markets continue to advance again, which we very likely think to do, we may rather see higher prices here. The demand for ready cotton was fairly large and about 30,000 bales are reported to have been sold during the week.

The folowing were the changes in the Home markets as compared with the last week.

MILL STORES MARKET.

July 14.

Cotton Healds kept very dull and the rate has not increased in the least inspite of the duty being raised to 15 per cent from June. Large stocks are lying idle in the market and there is absolutely no demand. Booking of Indents has also been very little since, the Home price is not in consistency with the present market rate. Reeds are on the contrary getting more and more brisk and the demand has been comparatively healthcir and the nett quotations to buyers are Rs. 0-5-3 per 1000 dents. Roller skins, Pickers Picking bands and other leather goods are very quiet without appreciable changes in the values. Woolen goods are dull without noteworthy features. Boobins are almost maintained at the same level without any activity. There is some scarcity of Waper Bobbins of 5 by 3½. There have been no fluctuations in the quotations of Conical pirns, Ring Rabbeths and Slubing tubes.

Quotations are as under :—

Healds Rs. 2-4-0; Reeds Rs. 0-5-3; Roller cloth K. Rs. 9-8-0; Roller cloth (16 oz.) CORONER'S COURT.

KILLED BY A MOTOR CAR

At the Coroner's Court, Mr King held an inquest touching the death of a Jew boy named Moses Meyer, aged nine years, residing with his parents at Ripon Road who was knocked down on Clare Road by motor car No. 902 at 4-10 p.m on the 13th instant and was killed on the spot. His body was immediately removed to the morgue, where it was identified. The boy was returning home from the Convent when he was knocked down whilst crossing the road.

Further enquiry was adjourned.

FATAL ACCIDENT IN FACTORY.

Hari Genoo, a labourer aged twenty-five, was tying a rope to a plank in the City Improvement Trust's factory at Agripada on the 12th instant when his "dhotie" was caught in the shafting. He came down and complained of pain in the stomach. He was removed to the J. J. Hospital where he died on the night of the 13th instant.

AN OILMAN'S ACCIDENTAL DEATH.

At the Coroner's Court, Mr. King held an inquest touching the death of one Jagoo Succaram, aged twenty-five, employed as an oilman in the factory of the Sardar Carbonic Acid Gas Company, Ltd., who went up a ladder in the factory on the 12th instant to oil the machinery when he was entangled in the belting. The machinery was at once stopped and the deceased extricated. He died within a few minutes.

The jury returned a verdict of accidental death.

A NEW TOLL.

To the Editor of "The Chronicle."

Sir,—People living in large cities and towns are hardly aware of the fact that the benign British Government of the Moderates have graciously imposed toll-tax from 1st inst. on carts, carriages, and animals passing on the P. W. D. Roads, vide Bombay Government's Resolution of 16th May last. I presume the whole of India must have been favoured with such a boon. These are the fruits of the "Reforms" so warmly received by the Liberals.

In off season the poor villagers maintain themselves by plying carts on hire, carrying loads from one place to another. Now these carts are charged at the minimum rate of 3 annas for every 12 miles. Generally merchants and contracts engage carts for very long distances, say 40 to 50 miles. Imagine what the poor man has to pay. Coming to the middle class of villagers, the boon of the benevolent Government deprives them of the service of their cart and bullocks. If they make use of their carriage and a pair of oxen, they have to pay four annas for every twelve miles. Such heavy payment of taxes, the middle class of villagers can hardly afford. Healthy persons may walk on foot for miles together, but what about small children and old persons? They must pay.

The toll tax has spared none, goats, sheeps, donkeys, dogs, all have to pay if they have to pass on the P. W. D. roads. I wonder how the hen has escaped the kind eye of the Government. This is a step forward towards the self-government, we are to have under the "Reforms."

Toll tax has come and poll-tax will come in near future. Be prepared.—Yours, etc.

CRIMINAL SESSIONS.

IMPEACHMENT OF LANDLORD'S TITLE.

IMPORTANT DECISION.

Rahimbhai Kassambhai ..... Plaintiff.
vs.
Passoo Natha, a firm, and 14 others ..... Defendants.

(Before the Hon. Mr. Justice Pratt.)

This suit was filed by the plaintiff above-named against the 15 defendants for evicting them from the plaintiff's premises situate at Arthur Road. Out of the 15 the first 4 defendants, viz., Passoo Natha a firm, Harsey Ratoo a firm, Lilladhar Jetha a firm, and Vijpal Moorji a firm, filed written statements and took a plea denying plaintiff's title stating that the conveyance under which the plaintiff held the property was a Benami conveyance and that the real owner was the plaintiff's brother, one Fazal Kassam. The suit came on for hearing and final disposal before the Hon. Mr. Justice Pratt on the 26th June.

Mr. Talyarkhan appeared for the plaintiff.

Mr. R. D. N. Wadia, Counsel for the said 4 defendants, applied to the Court that the said Fazal Kassam should be joined as a party-defendant to the suit.

His Lordship, however, disallowed the said application and held that it was not necessary to join Fazal as a party to decide the issue of the plaintiff's title and further because it was clear under the recent ruling of the Privy Council in Gur Narayen and others vs. Sheo Lal Singh and others, that even if the plaintiff be a Benamidar, the suit by him was maintainable. Then Mr. Wadia, Counsel for the said 4 defendants, raised no issue as to the plaintiff's title, but sought to raise an issue under the Rent Act as to whether the plaintiff reasonably and bona fide required the premises in possession of his clients, for his own use and occupation.

His Lordship disallowed that issue also and held that all the conditions in the first part of Section 9 of the Rent Act were conditions precedent which a tenant must fulfil before he is entitled to claim the privilege of the proviso enacted in Section 9 (2) and the said defendants Nos. 1 to 4 having denied their landlord's title, incurred a forfeiture and were not entitled to raise the issue as to reasonable and bona fide requirements. His Lordship accordingly passed a decree in favour of the plaintiff.

Messrs. Daphtary Ferreira and Divan, Attorneys for the plaintiff.

Messrs. Mantri and Co., Attorneys for defendants Nos. 1 to 4, 8 and 14.

BOMBAY POLICE COURT.

ONE DAY'S IMPRISONMENT.

At the Esplanade Police Court before Rao Bahadur C. H. Setalvad, Javerlal Hiralal Johnson was charged with criminal breach of trust in respect of Rs. 211-9-3. Mr. D. N. Despande, pleader, appeared for the accused.

The evidence showed that J. Lotliker, an employer of the Marine Stores Office, on privilege leave, asked the accused to obtain his salary for the months of February and March. The accused received Rs. 149 but gave only Rs. 90 to Lotliker. After some time the accused was asked to obtain the salary for the months of April and May, viz., Rs. 151-14-0 which he misappropriated for his own use.

The accused pleaded guilty and in view of his making the amount good, he was sentenced to one day's simple imprisonment and a fine of Rs. 75.

COCAINE SMUGGLER FINED.

At the Mazagaon Police Court before Mr. D. N. Khandalawala, Excise Inspector Cama charged Mahadushah Kudratshah with selling one grain of cocaine and possessing three grains of same without a license.

The evidence showed that on information received by Inspector Cama he sent his peon to the accused with four marked coins from which a packet of cocaine was bought. Subsequently the accused was arrested.

The accused pleaded not guilty and said somebody had put the packets in his pocket.

His Worship convicted the accused on evidence and sentenced him to pay a fine of Rs. 100 or in default two months rigorous imprisonment.

THEFT OF CLOTH FROM VICTORIA DOCK.

At the Esplanade Police Court before Rao Bahadur Chunilal Setalvad, Acting Chief Presidency Magistrate, Sub-Inspector, Shait, charged one Ganu Bapu, a man with six previous convictions, with the theft of nine "tacas" of coloured-cloth on the 7th instant valued at Rs. 685 in no. 9 shed of the Victoria Dock.

The facts of the case briefly stated, are that on the 7th instant the accused was seen selling the pieces of cloth by one Havadia Ahmedulla, a watch-man of the Shed, who arrested him on suspicion and took him to chief office of a hip, where the property was identified by one Shanker Mahadeo, the manifest-clerk of the ship, as a part of the import cargo of the ship.

The accused pleaded not guilty and said that he did not steal the property and that the watchman bore ill-feelings to him.

His Worship disbelieved the defence of the accused and convicted him and sentenced him to two years' rigorous imprisonment. He further ordered that the accused should report his whereabouts to the police for a period of two years after his release from gaol.

PATHAN TERRORISM.

On the midnight of Tuesday last one Prag Parbat, a Khalasi tindel, was walking over the Nawab Tank Road Bridge and as it started raining, he took shelter under a roof near a building under construction. He was there accosted by a Pathan who accused him of being a thief, and after tying his hands behind him chained him to a wooden cot and then removed gold ear-rings of the value of Rs. 23 from his ears. Prag was afraid to raise an alarm as the Pathan had a thick stick in his hand. After robbing him the Pathan went away. When day broke, attention of passers-by was drawn to Prag's plight and he was released. Subsequently Prag reported the matter to the police.

CONGRESS SECRETARY CHARGED

(From a Correspondent.)

NANPARA, July 13.

Mohamad Sayeed Khan, Secretary, Congress Committee, Nanpara, a zealous worker, was arrested yesterday under Section 107 and was sent off to Bahraich, handcuffed. On reaching Bahraich station the constable got his shoes removed and compelled him to go barefooted. The case was taken up in the court of Babu Hari Shanker, Sub-Divisional Officer at 12 noon. The Court asked the accused his occupation which was stated to be propagation of Islam and the residence as jail. The accused refrained from producing any witnesses or giving bail. The case has now been fixed for the 25th instant.

STRANDED MEDICOES.

DENIED JUSTICE.

PROTEST MEETING OF STUDENTS.

Under the auspices of the Students' Brotherhood a meeting of students was held at the Servant of India Society's hall to protest against the action of the Dean of the Grant Medical College in not giving admission to students who passed through the last preliminary scientific examination to the second year class in the Medical College, on the plea of limited accommodation. Dr. N. H. Choksy presided.

Dr. Choksy after giving a history of the whole question said this year only 170 students were given admission to the Medical College, out of 210 who sought admission and of those 90 belonged to the Grant Medical College. The students that were rejected belonged to the Arts Colleges and not to the Grant Medical College, and he did not know why the Arts College students had been penalised. Some of those 40 students had gone back to their villages and some had joined the arts course and only 30 now remained. There were two batches in each class and if these 30 students were admitted, each batch would be swelled by only 15 students and that number would not inconvenience the classes. Was it proper that there should be such divergence and that they should tell the students that there were other avenues open for them? If this treatment were going to be given, the students should have been informed in time; but nothing of the sort was done and they were now stranded. It was very disheartening that neither the Minister nor the Surgeon General had done anything for the students. The students had already lost one month and they might lose some time more. These students might be admitted next time, but was there any surety that they would be so admitted? Even if they were admitted, it was a poor consolation for the time and money wasted by them. He complained that admission was given to students from outside the Presidency while the students of the Presidency were rejected. The Grant Medical College was for the students of the Bombay Presidency and they should be given preference over other students. Dr. Choksy then commented on the letter from the Deputy Secretary to the Educational Department. The latter had written to the students that they were aware of the position for the last two years. But, said the speaker, that was not the fact. He did not think that the admission of 15 students in each batch would incommode the others. He scouted the idea put forward, by the Deputy Secretary, that the Preliminary Scientific examination was a competitive examination. That reply was as unsatisfactory as that of the Minister, said Dr. Chokey.

Mr. M. A. Haveliwalla then moved:—

This meeting of students held under the auspices of the Bombay Students' Brotherhood on Friday the 14th July 1922, at the Servants of India Society's Hall, resolves that they view with regret the action of the Dean of the Grant Medical College in not giving admission to about 40 students, who passed through the last Preliminary Scientific Examination to the Second Year Class in the Grant Medical College, on the plea of limited accommodation. As this restriction of admission to them had not been notified in time so as to enable them to take up and appear at the examination for the Intermediate Science Course, they cannot now prosecute their studies further in either Arts or Science, and are thus left in the unpleasant situation of having wasted a whole year. Under these circumstances we pray the Governments of Bombay will be pleased to reconsider and revise their notification and issue such necessary directions as may enable the stranded students to gain immediate admission in the Grant Medical College."

Mr. Haveliwalla said his regret was all the more because an Indian Minister was not able to do anything to right this grievance of the students. He was sorry that outside students were given admission in preference to the students belonging to this Presidency. He thought justice was denied to the students and he asked the Minister to give these poor students some sort of justice and relief.

NECESSITY FOR UNITED ACTION.

Mr. K. F. Nariman seconding said when words of prayer were included in the resolution there should be some words of protest also. It was the right of every student in this country to get entrance into any college he wished. He protested against the treatment given to the students by the authorities. He stood as a citizen, at the meeting, to protest against the treatment given to the students and he regretted there was a sort of isolation in the society between the different classes and they were not united. The result of that was the Government took advantage of their disunions and got the upper hand always. He was sorry that other students in the city had not taken part in the protest meeting and neglected the rights of their brother students. It was a regrettable thing. The same thing had happened in the case of the Elphinstone College students, and also the St. Xavier's College students and now in this college. There must be united action in all these things and the students must stand together. He was sorry the Minister of Education had given them no hearing and he had asked them to go out of his house. Was that the proper attitude for a man who was a member of the Deccan Education Society? Had he any right to forget his profession and treat the students in that manner? The Dean had asked the students why they wanted to acquire medical science and why they did not become tramway conductors. These officers thought that all the higher offices, all the higher knowledge and opportunities were for foreign people and the children of the soil should be tramway conductors and ticket collectors. If that gentleman had said that anywhere else in the world, he would have realised what it was to insult students. He asked the students inside and outside the city to join together and rise together and protest with one voice against the insult that had been levelled at them and the injustice done to them. While he respected the qualities of obedience and discipline he placed self-respect even above these two virtues and they must never put up with such an insult given to them. Government had no money for the students, but they had got crores of rupees to maintain the riff-raff from a foreign country. The only remedy for this state of things was to get self-Government and till then they must wait; it was their duty to accelerate that time. (Cheers).

One student said the present was only a request because the matter was in consideration by the Governor. They had still got the right to protest and they would do that if occasion required and they would unite together and protest against the action of the authorities. He was glad that a National Medical College had been started in Bombay where the teaching was superior and the preliminary scientific course was even better than that of the Grant Medical College. Why did the University not recognise that College, when the professors were all London M. Ds. But the professors were nationalists and instead of looking at their quality of teaching the university looked at their politics, which was not the proper thing to do, if they wanted to spread education in the Presidency.

Mr. Daji then moved the second resolution that:—

This meeting further resolves that Dr. N. H. Choksy, M.D., the President of this meeting, be requested to forward copies of the above resolution to His Excellency the Governor, the Vice-Chancellor of the University, the Minister of Education, the Surgeon-General, the Dean of the Medical College, the President of the Bombay Medical Council.

While they were not treated very rudely, Mr. Daji said, by the Minister, they were asked to walk into the house and the Minister spoke with them for about 20 minutes. He said that in order to remove any misconception in the matter.

Another student seconding said Mr. Paranjpye was not kind to them at all. He said that he could compel the Dean, but he did not like to do so. The Dean did not wish to admit and the Minister said he did not wish to force his hands. And he was supposed to be at the head of the Education Department!

After some other speakers had spoken the resolution was carried.

With a vote of thanks to the Chairman, the meeting came to an end.

TO-DAY'S BENEFIT CONCERT.

To the Editor of "The Chronicle."

Sir,—Miss Gohar Jan, the Indian *prima dona*, whose name is a household word throughout the length and breadth of this country, is giving a concert to-morrow evening at Balliwalla's Grand Theatre, in aid of Mr. Horniman, following the praiseworthy example of the Lalitakaladarsha Company a few weeks ago. Miss Goharjan will give several patriotic songs composed by herself and one novel feature of the concert will be the singing in accompaniment to the spinning on the charka by the songstress herself. The charka has evidently cast its spell on this talented lady too and to-morrow's concert will give her an opportunity to pay her homage to the great spirit, which defying iron bars and stone walls, is radiating its influence throughout the length and breadth of the land—and abroad too. I trust the splendid opportunity of hearing the *prima donna's* patriotic songs and at the same time contributing to the success of this benefit concert will not be missed by many.—Yours, etc.

AN ADMIRER OF MR. HORNIMAN.

Bombay, July 14.

MR. HORNIMAN AND P. R. SABHA.

To the Editor of "The Chronicle."

Sir,—It is quite strange that hardly a meeting has been convened under the auspices of the Parsi Rajkeya Subha to protest against the continued ban against Mr. Horniman's entrance into Bombay placed by Sir G. Lloyd. What has the Governor of Bombay done to please the public of Bombay that his term of office should be extended even for a single day? Sir G. Lloyd has chopped off the heads of all the tall poppies; but is he quite comfortable in his position? It is the bounden duty of Mr. B. F. Bharucha, who calls himself an admirer of Mr. Horniman to convene a public meeting at an early date to lodge an emphatic protest against the unconstitutional action of the Governor of Bombay.

Let Sir G. Lloyd know once and for all that an overwhelming majority of the people of Bombay want Mr. B. G. Horniman in their midst and not Sir G. Lloyd. Truth is sometimes bitter, but it ought to be expressed without fear or favour.—Yours, etc.

S. A. C.

A correspondent wires from Benares under date July 13:—Maulana Abumasud, Pandit Kisanchandra, Tarachand, Pandit Luxminarain and Thakur Barjnathsingh having been released from the Lucknow Dt. Jail, arrived here to-day. Moulvi Abul Kasim, Prof. Kriplani, Babu Shivaprasad Gupta, Babu Sriprakas, Babu Sampurnand and Pandit Shivbinayk Misser specially went to the station to receive them. The arrival of the train was greeted with shouts of joy, and the leaders were garlanded. A general meeting is expected to-morrow or on the 18th instant.

HARWOOD FOOTBALL LEAGUE.

CUSTOMS (1) BEAT BENGAL UNITED.

Further play in connection with the Harwood League Football Tournament was resumed yesterday on the Cooperage ground. The day's game was between Customs and Bengal United. The play was in marked contrast to the usual run of the games that has been witnessed up to the present in the course of the tournament. A marked feature of most of the matches up to the present is certainly the disparity that existed between competing teams, the marked superiority of one team as opposed to the equally marked inferiority of the opponents that was a trait of most of the games was conducive to one-sided play and robbed the matches of much of their spectacular interest. But yesterday the Customs and Bengal United proved to be fairly well-balanced teams and the play that resulted was a pretty game to watch.

Play began punctually at 5-45 p.m. and there was a record attendance of spectators. There was no rain for most part of the time, but towards the close of the game there was a small shower. The verdict of the day went against the Bengal players, but the issue of the game was distinctly a stroke of misfortune for the Bengal united the only goal that was scored against them was through a penalty kick in the second half. On the general run of the play it could be safely said that the defeated team played a very good game and perhaps saw more of the attack than the winning team itself.

The first half was evenly contested and no goals were scored by either side. There were many runs with the ball, but the spoiling tactics of the opposing backs nullified these efforts to score. During the first fifteen minutes of the second half a penalty goal was awarded and off it Customs scored the only goal of the day. The score at the end stood thus:—

Customs	1 goal.
Bengal United	Nil.

Customs—Goal—Bower; Backs—Potts and Gaitely; Halves—Morris, Giles and Clarke; Forwards—Michael, H. S. Lynn, Singlehurst, D. Lynn and Davis.

Bengal United:—Goal—Sen; Backs—Bhattacharji and Gupta; Halves—K. Roy, J. Roy and De; Forwards—Jotin Roy, Ghosh, Bannerji Chowdhury and S. Roy.

TO-DAY'S GAME.

COUNTY CRICKET RESULTS.

(Reuter's Telegram).

LONDON, July 13.

The following is the result of to-day's cricket—Kent beat Sussex by eight wickets at Tunbridge Wells.

Lancashire beat Gloucester by an innings and 11 runs. For Lancashire Parkin took 7 wickets for 47 runs. In Gloucester's first innings and in their second R. Tyldesly took 6 for 31.

At Cardiff Notts beat Glamorgan by an innings and 125 runs. For the winners George Gunn made 91 and Hardstaff 99. In Glamorgans first innings Richmond took 6 wickets for 84 and in their second Barrat took 8 for 28.

A BRAVE HINDU YOUTH.

To the Editor of "The Chronicle."

Sir,—I respectfully beg to state that on last Wednesday, 12th instant, myself and my four other friends, Messrs. Palkhiwala, Patel, Metha and Dalal had been to the sea for a swim between 3-30 and 4. a.m. We have come down to Bombay on an excursion. There was a strong current dragging us into the sea, but we did not notice it at first. My friends went far to enjoy a good swim but it became very difficult to return. An alarm was raised but there was no one on the shore except a Hindu Gentleman, named Natverlal Dhirajlal Nanavati of St. Xavier's College, who without any hesitation took out his coat and went to the rescue. He skilfully brought two of my friends to the shore quickly but while bringing he other awo, it became very difficult. Somehow he managed to bring the other two out also but when he came to waist deep water he fell there over-exhausted and would have been dragged back in the sea but for a fisherman who came to the rescue. My other friends have already left Bombay but I could not do so owing to the fever I got by the accident. The Hindoo youth did not give us his name and address and we also could not thank him owing to the confusion. But he forgot his book there on which his name was written with the name of his college. I have sent the book with a note of thanks to the Principal of the college.

I hope you will be kind enough to publish the fact given above. Excusing for the trouble we thank you in anticipation of the favour to publish in your popular newspaper.—Yours, etc.

Correspondence Summarised.

NAIR SAMAJ—Apropos Mr. E. R. Menon's letter, "A Nair of the Samaj" writes that the Samaj started in Bombay is neither a branch of the South Indian Liberal Federation nor does it represent a schismatic movement.

The Congress deputation visited Nadiad on the 4th instant. A monster public meeting was held with Mr. Gokuldas Talati in the chair. Mr. Vallabhbhai Patel spoke on the present situation and effectively dealt with the recent clamour of those, who cried for a change in the Congress programme and advocate entrance into the Councils, with a view to effect a short cut to Swaraj by means of deadlocks and "retoes."

A CHAPTER OF INJUSTICE.

We ask for information. More than two thousand officials of the Indian Army are being gazetted out as surplus functionaries. They over-stayed their time at the cost of the Indian tax-payer and we want to know what their riddance is now costing India. Sir Sivaswamy Iyer in one of his learned speeches had drawn the attention of the Assembly to the injustice of charging India with the cost of officers who ought to have been sent out long ago. Properly speaking India ought to be indemnified for their costly and useless overstay. The War Office took mighty long to decide, at the expense of India. If there is some sophisticated argument to prove that India ought to pay for British superfluities, let it be revealed for the gaiety of the public. We decline to believe that the delay in discharge was due to mere absent-mindedness. With the Near East commitments of the Allies lying unliquidated, it would have been unwise to diminish the striking strength. Even if uncertainties had been absent, it would have merely meant an accentuation of the unemployment problem to demob men in pell-mell confusion. It is possible that these material advantages of delay never weighed in the brass-hat world and that they were there unperceived. But the delay involved has been a real drain on the tax-payer. If principles of equity found room in mercenary adjustments as between sovereign and subject countries, the matter of payment would require further scrutiny. Again we feel more curiosity as to the payment of gratuities. It is well-known that the officers, as they are discharged, are paid a liberal "compensation" for ceasing to be parasites on the Army proper. According to Government Notification, the average payment is about a thousand pounds for each ordinary officer. A contemporary estimates that the sum total required in the shape of Army gratuities in this connection is going to be Rs. 6 crores. We owe the information to the "Statesman" and no Contradiction Officer has come out with a denial. We want more information as to who is meeting the liability.

We speak subject to correction, but as in the adjustment of military expenditure Britain is immune from scruples, we confess to a strong suspicion of unfairness. In justice, not a pie should be charged to India as these British citizens are being apportioned between England and the Colonies to begin life with a substantial capital. Sir Malcolm Hailey in his Budget agony made a reference to India's liability which, in our view, is an arbitrary imposition bearing the British character of the administration; that is to say, the Indian tax-payer must not only meet the cost of overstay but part with a monetary gift to secure relief from an unjust burden caused by the British Officer. Sir Malcolm Hailey guessed that India's contribution would be Rs. 35 lakhs. Let it be remembered in contrast that when the Indian soldier is discharged after fighting for Britain in foreign countries, the equivalent liability of discharge falls on India. The surplus sepoy is paid out by the Indian people, not 35 pice of gratuity-contribution coming from the War Office. British justice is notoriously one-sided, which accounts for the absent feature of reciprocal mulcting. "The thirty-five lakhs in demobilisation expenditure", said the Finance Member in April, "represents the sum which the Secretary of State has estimated will be required for the payment of India's share of the compensatory gratuities to officers in the Indian Army who have been found surplus to strength owing to the reduction of establishment." We have said that India should not have been saddled with this far-fetched and inequitable contribution to get rid of those who were made to linger about unoccupied and fully paid. The Secretary of State who fixed the amount at Rs. 35 lakhs was Mr. Montagu and there is a subdued rumour that Lord Peel is, in this matter as in others, inclined to take a more Imperial view; so wide an outlook indeed that India is likely to get it where the bottle has got the cork. Mr. Montagu, with his Semitic propensity, tried to pacify the over-paid Services with increases and unearned pensions. He did not in the bargain pretend to be sane and sober and Imperial and strong; he just paid out the money little dreaming of further inflammation of the appetite. They are still dissatisfied, the ingrates.

The present regime of the India Office was preceded by a brief interregnum when the Secretary of State for War sat in the India Office shaping august decrees. It is notorious that one of the causes of the friction between Whitehall and Simla on military policy was accentuated by the brief rule of Sir Laming Worthington-Evans. We want to know if, in the sleight of hand, any additional burden fell on India. The recent struggle between the India Office and the Indian Government passed off quietly, a proper arrangement having been made that one side should act the puppet and the other pull the strings. While that is highly satisfactory, we humbly enquire if the Rs. 35 lakhs is the limit, or are we paying more? To those who are incensed that even so much as Rs. 35 lakhs should go as *bakshish*, we say worse things might have been possible. It is a good consolation to think that while things are bad, they might have been worse. Supposing these surplus officers had been allowed to share the profit of proportionate pension by being included in the retirement formula of 1921, what would have happened? Lieut. Higgins, after sniffing the air, might have been free to write as follows: "I consider that the conditions of my service have been radically changed by the introduction of the Reformed Constitution and in consequence thereof I feel unable to serve the Government of India with advantage to the State." By declaring so, he might have got a bloated annuity for the rest of his natural life! Happily the proportionate pension offer was not placed within the reach of the Army Officers, else they would have drawn a huge annual subsidy exclusively out of the Indian exchequer. Sometime, of course, the military officers will demand it seeing fortune smile on the Civil side. But let us not anticipate the glorious future of bureaucratic survival. We shall be content to know what India pays these surplus officers in whose career nothing became them so well as their leaving of it.

"AFTER US—THE DELUGE"

Those who have cared to probe beneath the veneer of prosperity and glitter of business-like habits which are apparent to the eye in the municipal administration of this city at the present day, will have realised that a veritable Augean stable is awaiting the labours of an earnest and capable band of municipal reformers. We believe that we have reached the very nadir of municipal maladministration in this city and that if the existing recklessness and graft—the sacrifice of public interests to those of a set of self-seeking individuals—is not arrested betimes, the Municipality will be rushing headlong to ruin. The grave warning uttered by Mr. Baptista against the present reckless career of extravagance will, we hope, have its effect. The Acting Municipal Commissioner, Mr. Masani, may be proud of the record, but his world consists only of the file-laden rooms at Cruikshank Road and the clerks who surround him and prepare his files. Let him have a look round the city—we do not refer to the maccadamised portions of it in A Ward but to the real city, where the teeming population of Bombay lives, works and passes its days and nights. Let him declare if he is proud of what the Municipality has done and is doing for these people,—the people from whom Rs. 25 per head are wrung to "beautify" the city. What is the condition of the roads, lanes and bye-lanes in which these people live and work and what is the amount of municipal solicitude shown for their health and welfare? The nominees of the capitalist and house-owning classes, who are dominating the Corporation at present, have been expending the resources of the Municipality almost solely for the benefit and edification of themselves though it is the poor and middle classes who are contributing in the main to the coffers of the Municipality. The majority in the present Corporation have been acting and behaving as if they recked not what came after their term of office. "After us, the deluge"—such seems to to be their attitude. Happily, their sands are running out fast and the citizens will not be long in coming into their own.

Notes of the Day

Honour where honour is due.

The fact that one after another leading municipalities in the country are coming forward to honour leaders like Bi-Amman, Hakim Ajmal Khan and Pandit Motilal Nehru, shows how the wind blows at present. "Honour, where honour is due"—is a maxim which, up till now, has been more honoured in the breach than in the observance by public bodies in this country. This was due to the slave mentality which has created so much havoc in the public life of this country and which, fortunately, is now disappearing fast like the darkness of night before dawn. Cities like Sukkur, Jubbulpore and Poona, in honouring the revered patriots of the country, are in fact honouring themselves more than they are doing the latter. The public of these cities are asserting their own manhood and refusing to be dictated by the passing whims of officialdom. We congratulate the municipalities on the highly laudable independence they have shown and let us hope their example will be followed by many more in other parts of the country. Bombay, of course, is still incorrigible, but the time is not distant when she will also learn to pay "honour where honour is due."

India and Wireless Communication.

It is a pity that India should lag behind when Australia and Canada have already made definite arrangements for direct wireless communications with the United Kingdom. They have already granted a license to private companies who are progressing with their schemes at a fair speed. It was recently stated in the House of Commons that the Government of India had received applications from an Indian as well as an English firm for license to start the establishment of direct wireless communications with the United Kingdom. One fails to understand why the hands of the Government of India should be tied down by Whitehall. Why should India not have the same freedom as is enjoyed by the Commonwealth Government in the matter of shaping her own policy regarding this important problem of communications? Members of the Indian Legislatures would do well to insist on India keeping pace with the other Dominions. As the British Post Office scheme has been pronounced to be obsolete and hence discarded by Australia and Canada, India also should have nothing to do with it. She should formulate her own scheme on the lines adopted by the Dominion Government and encourage private enterprise, particularly the enterprise of the Indian firm who, we are told, have already applied for the necessary license and are ready to start their work on lines approved by Government.

Indians in British Guiana.

The rosy picture drawn by Pandit Tewari in a public lecture at Poona some days back about the future prospects of Indian immigration and settlement in British Guiana has been considerably marred by the none too cheering account that has just been wrung out from him by an Associated Press representative at Lucknow. Mr. Tewary, as a member of the deputation which recently returned from its visit to British Guiana, possesses first hand knowledge of the people and the general condition of that Colony and to judge from his account he seems to have availed himself of all possible opportunities to study the peculiar features of British Buiana and Trinidad during the nine weeks at his disposal. Indians found a potential field for colonisation in British Guiana and the first batch of Indian immigrants for the sugar plantations of Demerara landed in that part of Latin America so early as 1883. Of the total population of 3 lakhs in British Guiana today the "East Indian Coolies" number no less than 45 per cent., the negroes being 40 per cent. and the remaining 15 per cent. are Europeans, Portuguese and Chinese. Large numbers of Indians are employed on sugar estates, some cultivate rice-fields on their own account while a fair number of them are petty traders and professional men. The soil and climatic conditions of the Colony are said to be so alike India that it would not be astonishing, if given fair opportunities, Indians thrived by their exertions and dilligent habits. But it is in connection with the political rights that Pandit Tewari presents the darker side of the picture. Politically the Indians are little better than are their brethren in Fiji or South Africa. While about 40 per cent. of Europeans, 12 per cent. of the Chinese and Portuguese and 8 per cent. of the coloured people are on the voters' list, only one per cent. of Indians are represented on the list. Whatever be the recommendations of the deputation of which Mr. Tewari was the member, it is certain that any attempt at differential treatment and subordination of the domiciled Indians to the White Colonists is bound to aggravate the situation.

Unfair.

On Tuesday the Acting Chief Presidency Magistrate, Bombay, delivered judgment in a case in which a Sikh and a Mahomedan were charged under section 108, Cr. P. C., and convicted and sentenced to be bound down each in a sum of Rs. 500 and to furnish one surety in like amount to be of good behaviour for a period of one year. The offence alleged against the accused was that the former of them had got printed in the press of the latter certain leaflets of a seditious character. His worship declares in his judgment that "a perusal of the translation leaves no room for doubt that it contains matter the publication of which is certainly punishable under section 124A of the Indian Penal Code." If the publication is "certainly punishable under section 124A," why were not the accused charged for sedition? From the fact that the Sikh accused preferred to go to jail rather than undergo the humiliation of being bound down to be of "good behaviour," it is apparent that he had conscientious objections to making any elaborate defence. In the case of such a person, it becomes a foregone conclusion that he will refuse to be bound down in the manner prescribed by law. We do not care to enter into the merits of the case under notice and we are prepared to believe that the leaflets were of the nature described by the magistrate, but one cannot but characterise as unfair the procedure, which is becoming so favourite with the police, of running down Non-cooperators by means of prosecutions under section 108, knowing, as the police do, that whether the charge is a trumpery one or not, the Non-cooperators will refuse to defend themselves or enter into any bonds. The police are taking an undue advantage of the technicalities of law and cannot escape the charge that they are fighting with unfair weapons. The Sikh gentleman, who has, on conscientious grounds, elected to go to jail, will have preferred that he should have been proceeded against for sedition in a straightforward way rather than be called upon to face a devious prosecution. No doubt the police find section 108 a handy weapon to get rid of inconvenient "agitators", but the manner in which they have been wielding it during the past few months all over the country, constitutes an outrage on law and justice.

A Case for Enquiry.

Serious complaints from trustworthy quarters have reached us about the high-handed way in which the fouzdar of Kurla is behaving towards the people of the town. His behaviour became so very intolerable that, it appears, three months ago, some of the respectable merchants, grain-dealers and other villagers of Kurla, numbering about three hundred, submitted a memorial to the Collector of Thana complaining bitterly against the ways of the fouzdar, but the Collector, it is stated, has not yet taken any notice of the complaint, with the result that the people of Kurla are being lorded over by the fouzdar in a more autocratic manner than ever before. On the night of the 15th of May last the shop of one of the hotel-keepers of Kurla was completely looted by some local "mawalis", though the fouzdar was in the suburb. The poor hotel-keeper, who had fled for his life from Kurla, had not the courage to return to his house till the 19th of May. He then went to lodge a complaint with the fouzdar. It is stated the latter refused to record the complaint. Thereupon the hotel-keeper went to Thana to report the matter to the Police Superintendent. From there he was referred to the Bandra Police. At Bandra, a police inspector heard him and promised to make inquiries in the matter. The next day the hotel-keeper happened to see at Kurla the Superintendent of Police of Thana District and made a complaint to him, but the latter, it is alleged, did not pay any heed to it. The poor hotel-keeper then applied to the District Magistrate of Thana for redress. This official referred back the complaint to the fouzdar for report. The latter worthy, in his usual style, has, it seems, reported to the magistrate that the complaint is unfounded and untrue! When a representative of this journal went to Kurla to make personal inquiries into this matter, he saw the shop of the aggrieved villager in a practically wrecked condition. There are eye-witnesses of the looting and the severe assault committed by the mawalis on the person of the hotel-keeper. And yet the fouzdar has declared the complaint to be unfounded and untrue. The hotel-keeper, deprived of his belongings and his means of livelihood, has almost become a pauper. After being driven from pillar to post in his attempt to get redress, he finds that the responsible authorities are affording him no protection. Does all this reflect credit on the authorities concerned?

To Subscribers.

On the 30th ultimo, with each copy of the local edition of this journal a post card was circulated, in which the subscriber was requested to fill in the blank spaces, giving the address and other details and to post the same to this office, with a view to revision of address in the register and avoidance of complaints of late or non-delivery of the paper. Out of the several thousands of subscribers, we regret to observe, only about a thousand have cared to send us back the cards. We cannot too strongly emphasize the necessity of the subscribers keeping us informed of their correct addresses from time to time. We are again enclosing the cards with to-day's issue of the paper and hope every subscriber, old or new, whether he has changed his address or not, will make it a point to post in card back to us without delay, after filling up the blanks.

THE HAGUE FIASCO.

FUTURE RELATIONS WITH RUSSIA.

POSSIBILITY OF SEPARATE AGREEMENTS.

(REUTER'S TELEGRAM.)
LONDON, July 13.

The failure of the Hague Conference is received with regret by papers but without surprise as the prospect of a satisfactory issue was remote from the outset, owing to fundamental conflict of views on the subject of property. The failure is regarded as indicating the Genoa policy is definitely wound up and proving that while all countries are suffering from the same economic disorders, they are unable to agree on collective remedies. The important question now is the future relations between Russia and Western Europe. It is expected that the negotiation of separate agreements will be stimulated. It is known that Italy is eager to do so and there is a strong body of British opinion in favour of such a course But on this point complications with France and Belgium may be expected.

CREDITS SUBCOMMISSION.

CONFERENCE PRACTICALLY FINISHED.

(REUTER'S TELEGRAM.)
LONDON, July 14.

Hague.—The Credits Sub-commission sat for three hours this morning but no new situation has arisen and the Conference may be regarded as practically finished.

IRISH SITUATION.

LORD BIRKENHEAD'S OPTIMISM.

(REUTER'S TELEGRAM.)
LONDON, July 13.

In the course of a statement in the House of Lords, Lord Birkenhead said he believed we were at last witnessing the birth of the Irish nation. He boldly claimed that the situation to-day contained elements of a promise, which had not existed between Ireland and England for centuries.

Murders outrages and hardships were decreasing and the Irish signatories to the Treaty had given the clearest possible proof of their willingness to run every risk to carry it out. If they succeeded the Irish question was solved and if they failed and savagery and anarchy prevailed Britain would not stand aside. But at present he refused to believe they were going to fail.

SUPREME IRISH WAR COUNCIL.

(REUTER'S TELEGRAM.)
LONDON, July 13.

Mr. Michael Collins has been appointed Commander in Chief of the Irish Army, Richard Mulcahy, Chief of Staff and General Owen O'Duffy Commandant of the South Western Division. These three will form the supreme Irish War Council and will take charge of operations throughout the country.

PROCLAMATION OF REPUBLIC UNFOUNDED.

(REUTER'S TELEGRAM).
LONDON, July 13.

The rumoured proclamation of Republic in Cork is unfounded. The City is quiet but telegraphic communication with it is still subject to delay.

SHOTS FIRED AT PRESIDENT MILLERAND.

SENSATION IN PARIS.

(REUTER'S TELEGRAM.)
LONDON, July 14.

Paris.—While President Millerand and other notabilities were returning from a review at Longchamps on the occasion of the National Fete, a man at the corner of Avenue Merigny and Champs Elysees fired two shots from a revolver at the new Police Prefect, Naudin who sitting in carriage preceding the President's equipage. Both shots missed and nobody was hurt though a lady standing just in front of the man when he fired had her clothing scorched. The assailant was attacked by a crowd and arrested with difficulty by the police. He gives his name as Gustave Bouvet, aged twenty and appears to be a Frenchman. The outrage has caused a sensation in Paris.

CABLE ITEMS.

The P. and O. Banking Corporation will shortly offer £350,000 sterling worth of first mortgage bonds.

Bengal Telephones are quoted at seven par cent par.

Messrs. Montagus Weekly Report says:—"Selling from China and greater willingness on the part of the United States to supply the market, resulted in an easier tendency with rather sharp falls owing to non-responsiveness of bears to falling rates in a lifeless market. Parcels have been forthcoming from the continent on account of the falling exchange."

Stock of tea in the United Kingdom on June 30th were 170,599,000 pounds or 47,691,000 pounds less than on the same date last year. The present annual requirements of the United Kingdom for home consumption and export are estimated at 1,150,000,000.

A blind girl was among the fivehundred graduates capped at the Edinburg University by Sir Alfred Ewing yesterday. The recipients of the degrees including students from the Dominions, India, Japan and China.

The Bengal Telephone bonds were issued at 97 not at par.

REPARATION PAYMENTS

PLEA FOR A RESPIT FOR GERMANY

THE PREMIER ON DEMAND FOR MORATORIUM.

(REUTER'S TELEGRAM.)
LONDON, July 13.

In the House of Commons at question time Mr. Lloyd George said obviously the Allies must seriously consider the German Government's request for a further moratorium in regard to the cash payment of reparations and consult each other and the Reparations Commission on the subject. He was not in a position at present to state the British Government's attitude except to say, that they considered it absolutely necessary that Germany should be given such respite as would enable her to restore to order her finances and so be in a position to make reasonable payments on account of her obligations at the earliest possible moment.

MANUFACTURER'S UNION INSISTS ON REPARATIONS.

PREMIER DECLINES TO GIVE DEFINITE REPLY.

(REUTER'S TELEGRAM).
LONDON, July 13

Replying to a deputation of the National Union of Manufacturers urging enforcement of the German reparation agreement, Mr. Lloyd George declined to discuss the question of reparations until the report of the Reparations Commission in Paris has been received, which he hoped would be submitted in the course of a few days. He entirely agreed with the desirability of enforcing reparations if it could be done without harming ourselves more than Germany. The situation in regard to Germany's external trade was not so roseate as the members of the deputation appeared to think.

INTERALLIED DEBT.

CHANGE IN OFFICIAL FRENCH ATTITUDE

(REUTER'S TELEGRAM).
LONDON, July 14.

London.—The breakdown of the Hague Conference simultaneously with the collapse of the German mark has again focussed attention on the German financial problem which, with the almost the anarchical condition of Austria is threatening the Western Europe with chaos.

There is now a consensus of opinion that the question of the Interallied debts must be tackled as offering the only solution of the Reparations difficulties. A great change in the official French attitude on this point is noteworthy. The Inspired French press has recently been indicating that the hope of securing huge payments from Germany has been abandoned and is now urging that France should be compensated for the acceptance of smaller payments by cancellation of foreign debts with the control of the German finances and even administration of German business undertakings. The French newspapers also, favour the deliveries in kind instead of cash payments. It is probable that the Bankers Committee will shortly reassemble to consider the question of International Loan.

ACUTE POLITICAL SITUATION IN BERLIN.

DISCUSSION OVER DEFENCE OF THE REPUBLIC BILLS.

(REUTER'S TELEGRAM).
LONDON, July 13.

Berlin.—The political situation is again acute as the result of a conference of leaders of Trade Unions, the Majority Socialists and the Independent Socialists, at which considerable doubt was expressed, whether the Socialist parties would accept the Defence of the Republic bills in their present form. The Majority Socialists reaffirmed their demand that Independent Socialists should enter Government in order to form a decisive Republican majority. The result of the discussion is considered so serious that President Ebert is immediately returning to Berlin from Fruidenastadt where he is on a holiday.

BETRAYER OF NURSE CAVELL.

COMMUTATION OF DEATH SENTENCE.

(REUTER'S TELEGRAM).
BRUSSELS, July 14.

The newspaper "Peuple" announces that the King has commuted the death sentence passed on April 4th on Armand Jeannes, the alleged betrayer of Nurse Cavell, for espionage on behalf of Germany during the War, to one of penal servitude for life.

LORD NORTHCLIFFE'S HEALTH

(REUTER'S TELEGRAM).
LONDON, July 13.

It is announced that Lord Northcliffe's condition is unsatisfactory. His heart is somewhat weaker through an obscure toxic process which at present has not subsided.

LINKING UP THE EMPIRE.

IMPERIAL WIRELESS CHAIN.

HIGH POWER STATIONS FOR ENGLAND AND INDIA.

(REUTER'S TELEGRAM.)
LONDON, July 13.

In answer to questions in the House of Commons, Mr. Kellaway the Postmaster-General stated that Government had further considered questions of the Imperial wireless chain and had decided to erect in England a station of the ultimate power contemplated by the expert commission, instead of a smaller power station as at first proposed. Government were advised that this station would provide direct communication with India, South Africa and Australia. The Imperial Government would erect in India a station also capable of communicating directly with England, South Africa and Australia and the Indian Government would work it. The proposed second station in Egypt and the station in East Africa would be deferred and the question of erecting stations at Singapore and Hong Kong would be reconsidered. Government were communicating with the Union Government with regard to the station in South Africa. The Canadian Government experts were expected in England shortly to discuss participation of Canada in the scheme.

PRINCE'S TRYING TOUR.

NEED OF COMPLETE REST.

(REUTER'S TELEGRAM.)
LONDON, July 14.

At a meeting of the City Corporation the Town Clerk read a letter from Sir Godfrey Thomae saying that the Prince of Wals regretted that the circumstances hitherto had prevented him from definitely replying to the Lord Mayor and the Corporation's cordial invitation to him to receive congratulations of the Court of the Common Council on his return from India and the Far East and lunch at the Guildhall.

The letter says that tour has been the longest and climatically the most trying of those which the Prince has undertaken within the last three years and undoubtedly the Prince needs complete rest from public engagements at present. Consequently he suggests a date between October 15th and 31st for the ceremony.

BRITISH EMPIRE EXHIBITION.

GRAND PREPARATIONS AT WEMBLEY PARK,

(REUTER'S TELEGRAM.)
LONDON, July 14.

The Council of the British Engineers' Association with a large number of members, yesterday inspected the site of the British Empire Exhibition at Wembley Park. The visitors were enabled to witness great progress in the preparation of the huge ground. Hundreds of men are toiling night and day on the stadium which is being completed for the Football Cup Final of the next April. The foundations of the two vast buildings for housing industrial exhibits of the United Kingdom are well advanced. Lay-out for gardens and lakes are progressing well and the general plan of the other buildings has been arranged.

SHYLOCKIAN INSISTENCE ON PAYMENT.

(REUTER'S TELEGRAM).
LONDON, July 13.

The Reparations Commission has replied to the recent German note denying that Reparations payments are the most important cause of the fluctuations of the mark and declaring that a stable position can only be reestablished by the immediate enforcement of financial reforms previously demanded by the Commission. With regard to the German demand for a moratorium for all payments for the rest of the year, the Commission promises to give a definite decision before August 15th but in the meantime it demands payment of the instalment due on Saturday.

The death is announced of Major General F. F. Minchin.

ALLEGED ATROCITIES.

COMMISSION TO BE COMPOSED OF NEUTRALS.

FRENCH PROPOSAL.

(REUTER'S TELEGRAM.)
LONDON, July 14.

Reuter understands that the French Government now favours that the Commission of Enquiry into the alleged Greek and Turkish atrocities in Anatolia should be composed of neutrals on the ground that the Allies are still technically at war with Turkey. There is every reason to believe that the British Government will agree to such a proposal as it is realised that the Allied High Commissioners will be fully occupied with the Near East Conference.

It is felt that participation of the United States in the work of the Commission composed of neutrals would lend great weight to its deliberations.

NEAR EAST CONFERENCE.

FRANCES QUALIFIED APPROVAL OF BRITISH PROPOSALS.

DAVIS CUP CONTESTS.

INDIA BEATEN BY SPAIN.

(REUTER'S TELEGRAM).
LONDON, July 13.

At Bristol in the recond round of the Davis Cup Count Degomar (Spain) beat A. A. Fyzee (India) 1-8, 6-2, 6-3, 0-6, 8-1, and Manuel Alonzo (Spain) beat A. H. Fyzee (India) 8-1, 6-2, 6-2.

The Play was delayed by rain. The Court was slippery and in the first set Gomar twice fell. There was marked difference in the styles of the two players. A. A. Fyzee was steady and played unaggressive baseline game, while Gomar was reckless and frequent, brilliantly and scored mostly by the pace of his service and strong back-hand returns.

The Match between Alonso and A. H. Fyzee was more spectacular. Fyzee was always on the defensive but made many good shots and splendid recoveries, but the Spaniard's speed, footwork and more powerful driving beat him.

NATAL ORDINANCES.

UNION GOVT.'S INTERVENTION.

TWO OF THEM VETOED.

(REUTER'S TELEGRAM.)
LONDON, July 14.

Capetown.—The Union Government has vetoed two anti-Asiatic Ordinances passed by the Natal Provincial Council, the first debarring the Asiatics from municipal vote and the second providing for establishment of local Boards in rural areas for granting of the trading licenses., the decisions of the Boards to be final.

The Government has vetoed the second Ordinance on the ground that the Indians would have no right of appeal against the decisions of the Boards, the members of which might be trade competitors.

The Government has allowed the third Ordinance dealing with the sale of the Municipal land subject to the condition that of the Indians are not allowed to purchase certain land, they are entitled to buy suitable land elsewhere in the townships. If Natal accepts the Government's proviso, an amending Ordinance must be introduced.

ANNUAL MEETING OF BURMA OIL CO.

HOPEFUL OUTLOOK FOR 1922.

(REUTER'S TELEGRAM.)
LONDON, July 13.

The annual meeting of the Burmah Oil Co. Ltd. was presided over by Sir John Cargill, who said he had reasinable hope of this year proving good. Actually in 1921, there had been small trading and the results were down owing to the decline in the value of the rupee and the reduction of market values. The gross profits were similar on the whole. Last year, enterprise in India had been handicapped by increased taxation and working costs. The position was satisfactory in other fields except in Trinidad where, geological opinion favoured further efforts. The prices of parafin wax and candles were weakening, but the output of crude oil had been augmented. The future outlook was satisfactory.

The reports and accounts were unanimously adopted.

ZAMINDARS OF U. P.

CONFERENCE AT LUCKNOW.

(ASSOCIATED PRESS.)
LUCKNOW, July 14.

The second session of the joint Conference of the Taluqdars of Oudh and the Zamindars of Agra and Oudh began its sittings at noon to-day in Kaiserbagh Baradai. About 1500 landholders were present including all leading Taluqdars, Rajas, Zamindars, Nawab, Qumar Shah Khan, the Chief Judge of Rampur, Col. Bindeswari Prasad of Benares and the Dewan of Tehri who represented their respective states. There were also present several ladies including Her Highness Rani of Mandi, Rani of Singhai O.B.E., Ranis of Sheikode, Sasseudi, Nanpara and Begum Shahid Hussein. Hon. Raja of Mahmudabad was present, his arrival being greeted with warm ovation.

In the Landholders' Conference amongst others there were also present some Non-cooperators and a member of the Lucknow Liberal League. Telegrams wishing the Conference success as well as urging for the extension of Sir Harcourt Butlar's regime were received among others from the Maharaja of Kashmir, Maharaja of Tehri, Maharaja of Baro, Raja Sir Harnam Singh, Mahomed Fazi Khan M.L.A., Hon. Nawab Abdul Majid, and from several Zemindars' Associations of the province. A sample copy of "Premier" the newspaper proposed to be started in the interests of Landlords were circulated among the gathering. The paper contains speeches of the President, the Chairman of the Reception Committee. It is likely the regular issue of the paper will come out in about a month. Communications were read by representatives of Benares, Tehri, and Rampur States as well as by Khanbahadur Kazi Azizuddin, Minister of State on behalf of the rulers of these states urging for extension of the term of Sir Harcourt and paying tribute to his administration.

MAULANA MAHOMED ALI

HOW HE CAN BE INTERVIEWED?

AN AMAZING ORDER.

Mr. A. H. S. Khatri, Secretary Central Khilafat Committee, writes:—

Usually prisoners' relations are allowed to have interviews with prisoners every four months, but this has not been allowed in the case of Maulana Shaukat Ali. The reasons for this curious decision given by the Superintendent, Rajkot Jail, is that as Maulana Shaukat Ali refuses to work, he cannot be allowed to have this privilege. It seems that the old and extremely humiliating practice of making personal searches has been renewed and the Maulana has refused to submit to this humiliation. One is at a loss to understand how long Government will continue to treat him thus.

The fact as to how the proposed interview with Maulana Mohamed Ali fell through reflects no less on the mentality of officials. An interview with him was allowed and arranged by the jail authorities so that Bi-Amman and Begam Mohamed Ali, who came for this very purpose to Bombay, prepared to leave for Bijapur but at the eleventh hour a telegram was received from Mr. Hayat who was Maulana's private Secretary and was in Bijapur in connection with the Khilafat Delegation Accounts that an interview with Maulana Mohamed Ali would be allowed only in English. One is stunned at a demand which requires Muslim ladies should interview their relations in English, which practically means that they should not interview them at all. But for the tragic element involved, the whole thing would be ludicrous. It is quite evident that neither Bi-Amman nor Begam Mohamed Ali can interview Maulana Mohamed Ali in English. Maulvi Moazzam Ali, who is the only gentleman who could interview the Maulana in manner indicated by the Jail authorities, has not been permitted to see him unless he obtains special permission from the Bombay Government.

These facts speak for themselves. A similar treatment has been meted out to Begam Maulana Nisar Ahmed. She was permitted by the Superintendent, Thana Jail, to have an interview with Maulana Nisar Ahmed, but when she came to Bombay, the interview was disallowed on the ground that the Maulana had violated certain Jail rules. A second time, after four months, she was again allowed to have an interview, and she came to Bombay in accordance with the official letter from the Superintendent, Thana Jail. But on her arrival at Bombay, the interview was suddenly disallowed on similar grounds. It is really amazing that prisoners' relations, specially ladies, should be made to suffer owing to official whims and fancies.

RELATIVE RIGHTS OF LANDLORD AND TENANT

MUNSIFF'S INJUNCTION AGAINST TATA MILLS CO., LTD.

(ASSOCIATED PRESS.)
ERNAKULAM, July 14.

An interesting Civil Suit involving a question of law regarding the relative rights of landlord and tenant is now pending before the District Munsiff, Ernakulam, the contending parties being Messrs, Mugaseth and Sons and the Tata Oil Mills Co., Ltd. The former were acting till recently as the Agents of the Mills, and had rented two of the Bungalows in the Mills' premises for their occupation. Subsequent to the termination of the Agency, the plaintiffs were asked to vacate the bungalows, and on their failing to do so within the stipulated time, the Defendant Company took over possession of the buildings by putting up their own locks, and other structures, thereby preventing the plaintiffs from having access to the buildings. They also notified the latter that, in the went of their not vacating the bungalows within a week, they would be opened and their belongings kept or disposed of, as they thought best, to the account and risk of the plaintiffs. The latter immediately filed the present suit, claiming damages, and applying for an injunction. The case coming up for hearing, the defendant Company argued that they had the right to take possession of the bungalows even against the will of the plaintiffs, whereas the contention of the latter was that the locking up amounted to an unwarranted interference with their rights as lessees, resulting in very serious losses to them. The Munsiff has now issued an absolute Injunction order restraining the Defendant Company from taking over possession of the bungalows, calling upon them to remove the locks and other structures, and declaring that their action was improper and even wrongful, the Plaintiffs having the exclusive right of tenancy, and the convenience of the Defendants not being a sufficient justification for taking possession.

ALL-INDIA JAMAIT-TOLABA CONFERENCE.

(ASSOCIATED PRESS.)
LUCKNOW, July 14.

At a meeting of All-India *Jamait-tolaba* (Students) Conference here under the presidency of Moulana Azad Sobhani, resolutions were passed congratulating Ghazi Mustapha Kamal and Anwar Pasha, Mahatma Gandhi, Moulana Hasrat Mohani and the students who are in jail. An appeal was made to enlist 25 thousand students as members of the *Jamait*. Moulana Ilgas of Ajmer was the general Secretary of the *Jamait*.

HITCHCOCK'S SUIT FOR DAMAGES.

HEARING BEFORE SUBORDINATE JUDGE.

EXAMINATION OF WITNESSES.

(From our Correspondent.)

CALICUT, July 12.

Mr. K. A. Kannan B.A., B.L., Subordinate Judge Calicut resumed to-day the hearing of the suit for damages to extent of Rs. 30,000 brought by Mr. R. H. Hitchcock, the District Superintendent of Police against the Editor, the Printer and the Publisher of the "Hindu" of Madras and Messrs. T. Prakasam, George Joseph, Kesava Menon, Syed M. P. Murtuza Sahib and L. A. Subbarama Iyer.

EXAMINATION OF A MEDICAL PRACTITIONER.

Mr. T.A. Sesha Iyer examined Mr. Joseph, a medical practitioner of Ottapalam as witness for defence. He stated he remembered the disturbance at Ottapalam in April 1921. He saw some cooly-class people running and he questioned as to the cause of their running. Some told that the *Paltan* (Military) were attacking people and so they were running for their lives. He saw through his window three men beating another from the junction of Calicut Cherpulassery Road. He was told those men were Policemen. The man was beaten in front of a shop. He could not say to which place the victim belonged. All shops had been closed. He could not say why the store shops were closed. He had treated Narayan Menon. He had been to Narayan Menon's house. Narayan Menon's nose wound was bleeding. There was a simple fracture of nasal bone. Narayan Menon told him that two or three Policemen pulled him from his shop and he fell down into a gutter and got that wound on his nose. He treated Menon only that day. Three constables were running after one man but only one constable was beating the man. That was at about 12 o'clock. He had given a statement about that incident. There were some differences in his statement. He did not mention the letters S. F. He did not know what those letters denoted. The statement that "patient told him that some Policemen went to his shop, beat him and dragged him to the road" did not contain any inaccuracies.

Court—Who recorded that statement?

Witnesses—Vakil M. Kochunni Nair who was still a Vakil at Ottapalam. He knew that Vakil for a year. He was not on bad terms with the Vakil. He did not note the time when he saw the man was being beaten. He must have seen Narayan Menon between 12 and 1 p.m. The statement that he saw three men getting into the shops was not correct. He had only seen the men being beaten. He had attended the Court on the third instant. He did not ask Subbarama Iyer to excuse him from giving evidence.

Examined by Mr. K. P. Raman Menon on behalf of the "Hindu," witness stated that the statement was recorded in the afternoon of 27th in the residence of Mr. Prakasam. He was taken there by Mr. Kochunni Nair. The men who were beating had Khaki shirts and black putties. They had no head dress. He was at Ottapalam when the Conferences were going on. He had attended the Students' Conference. There was no Military at Ottapalam. Then he thought that the word *Paltan* stood for the Police. He did not get out of his house. He was a member of the Reception Committee of the Political Conference and he had paid his subscription. He had never seen a reserve Policeman in his uniform. He could not say whose uniform was Khaki shirts and putties. He knew there were reserve Policemen at Ottapalam. They were in the Cutchery compound. He knew only just now that Reserve Policemen were called Special Force and the letters S. F. might stand for Special Force. He narrated the story and Mr. Kochunni Nair recorded. He did not remember if the statement had been read out to him or he had read it. Generally he would not sign a paper without knowing its contents. He did not think he had read his statement because Mr. Kochunni Nair told him it would not see the light of the day. Mr. Kochunni Nair told him he would not be dragged to a court of law; he had been asked by the police in connection with the incident. The Circle-Inspector, Mr. Madhava Menon had asked him about it. He was asked at Ottapalam whether he was going to appear in the Court and whether he had received summons. He had put in a petition in the Court stating he was ill and he was unable to attend the Court. He had requested the Court to examine him then and there. When he attended the Court last time. It was not due to persuasions by any body. It was due to some urgent cases.

Cross examined by Mr. A. V. Govinda Memon, witness stated that his house was close to the road. He could not say whether the policemen used black putties. The city police and the railway police used to wear khaki patties as ordinary policemen used it. There were Khilafat volunteers at Ottapalam. There were a large number of them. They were going about in uniforms most of the Khilafat volunteer's wore *Khaki* shirts and shorts and different shades of putties. Some had green putties. He could not swear that three men referred to by him were not Khilafat volunteers. Mr. George Joseph presided over the Students' Conference. There was a large assembly. By that time the calamity had happened. An emergency Committee was appointed then and there but the names of the members had not been read out. He did not see the statements of any of the sufferers being recorded at the pandal. Mr. Prakasam was not there. Mr. Kesava Menon was there. He did not see Mr.R Subbarama Iyer there. The Conference had not dispersed. When he returned home at about 7 p.m. he saw Mr. Kochunni Nair. At about 3 p.m. Mr. Kochunni Nair did not tell him why he wanted him. Mr. Kochunni Nair only told him that he was urgently wanted by the leaders Messrs. Prakasom, Subbarama Iyer, Kesava Menon and others. Copies of the report had been sold at Ottapalam. He had purchased a copy in the courtyard of Mr. Prakasom's house. He did not remember whether Mr. Subbarama Iyer was there. Mr. Prakasom received him politely. He did not ask him any question. Mr. Kochunni Nair took him inside the house and asked him to narrate the occurrence in English and Malayalam. It took him ten minutes to narrate. Mr. Kochunni Nair took down the statements. The letters S.F. in the statement were not his languagee; for S.F. men he had used words Reserve Policemen, but Mr. Kochunni Nair took down as S.F. men. What he stated to Mr. Nair was that Narayana Menon was dragged and he fell down injured. That statement was made into "He was raised up and beaten on the face." He had no personal knowledge of anything except injuries. He had seen there was nothing remarkable about the injuries. The wounds must have been caused by a fall. He could write English and there was nothing to prevent him from writing out his statement. He had implicit faith in Mr. Kochunni Nair and so he signed without reading it. Mr. Kochunni Nair was directing the volunteers that day. He had been persuaded to resign his honorary Magistrateship. It was while he was in the house of Mr. Prakasom, Mr. Kesava Menon asked him why he did not resign when all others were resigning. Mr. Prakasam was then lecturing to a lot of young vakils, Mohemmadan gentlemen and others. There were 300 or 400 men. There Khilafat volunteers were called Khilafat Paltans in Malayalam.

Rexamined by Mr. Sesha Iyer, witness stated that resignation was to be made as a protest against the action of the Police. Mr. Kochunni Nair had told him that his statement was required by the emergency Committee for information. He was not told by Mr. Nair as to who constituted the Emergency Committee.

EXAMINATION OF MR. CHATHUKUTTY NAYAR.

The next witness examined was Mr. Chathukutty Nayar of Calicut Congress office. Examined by Mr. Sesha Iyer he stated he remembered Ottapalam incident on the 26th of April last. The Students' Conference was held on 26th at about 9-30 in morning. Information was brought to Conference pandal that there was some disturbance in the bazaar. They were also told that one Chengalath Madhava Menon had been badly handled by the Reserve Policemen. Congress Secretary—Mr. Ramunni Menon and Mr. Abdul Hamid Khan from Madras were going out to enquire into it and I too joined them. They met Mr. Madhava Menon near the railway station. Mr. Menon told them that he was purchasing ticket to go to Calicut when some policemen took him to the Police Station and gave him some blows and removed his Gandhi cap and badge and let off after some blows. They proceeded to the bazaar asking Mr. Madhava Menon to go to the pandal. After passing a few yards off the Railway Station a Eurashian cyclist dressed in khaki overtook them at the bazaar about 100 yards away from the Railway Station. They saw a Mophah *sherbet* merchant where tumblers had been broken and who had men beaten. The Moplah showed them injuries of beating by the police on his back. They pacified him. While near a mosque a Sergeant who was going on cycle returned and just a few minutes later thew saw Mr. Hitchcock coming facing them. Shops on that side had been closed. Mr. Hitchcock must have gone to the Railway Station. He was a hockey player while he was a student and Mr. Hitchock was taking interest in games. His teams had matches with Mr. Hitchock's under a banyan tree close by. They saw some men in "khaki" drawers with cudgels. He thought that those men were Reserve Policemen. there were some men assembled in front of Narayana Menon's shop and they stepped into it. They saw marks of injuries on his face and blood. Another man had his knee injured. Mr. Narayana Menon told them that his nose had been broken. In his shop were several things lying indiscriminately. They wanted to disperse the crowd most of whom went away quietly, one of them resented and used abusive language. They took it quietly and were returning to the Conference pandal, then they saw a student being molested. Just then somebody from the court compound called out "who has come to retaliate that man who had resented, struck student who escaped. That very man went towards them and beat Mr. Ramunni Menon twice or thrice and returned to the court compound. He consoled Mr. Menon and was proceeding to the pandal when two or three men clad in same dress came up running and asking who vakil Ramunni Menon was. Mr. Menon responded and they said that Saheb wanted him. Mr. Ramunni Menon was pulled down towards the Police Station. Witness and Mr. Hamid Khan wanted to go with Mr. Ramunni Menon, but they were not permitted. They left Mr. Menon and went to the pandal where there was great excitement. The President wanted the proceedings to be carried on quietly. Statements of sufferers had been taken at the residence of Mr. Prakasom. It was after the procession that the statements were recorded. He had taken part in recording the statements. Messrs. Subbarama Iyer and Kesave Menon were there. He could not exactly give the names of the persons who were engaged in taking the statements. He did not know if the statements were recorded next day also. Nobody had asked him to take statements. He took down statements of his own accord. He anticipated that the statements would be made use of for some enquiry by the Congress Committee. He did not remember to have seen Mr. Subbarama Iyer at the Students' Conference. He did not know then that an Emergency Committee had been constituted. He saw the names of the members together only when the report was published in the "Hindu." The original of the report published was not in the Congress office at Calicut. He had conversation about it with Mr. Kesava Menon who told him there was no original copy in the Congress office. He was in touch with the records in the Congress office at Calicut. To his knowledge the original of the report was not there. He knew the Kerala Provincial Committee which had about 100 members. The affairs of the Committee were carried on by an executive committee which consisted of 8 members. Mr. Subbarama Iyer was not a member of the executive committee. In exhibit (B) there was only the report. He did not find statements and cuttings fom newspapers. To his knowledge the Committee had not published the report without statements and cutting from newspapers. He had given a statement. Examined by Mr. K. P. Raman Menon witness stated that accepted Gandhi's doctrine and withdrew from college. He was now doing Congress work during the days of the Conference. He had seen Reserve Policemen there. It was not possible to mistake *Khilafat* volunteers' uniform with that of a policeman.

At this stage court rose for lunch.

AFTER LUNCH.

After lunch Mr. Govinda Menon cross-examined witness. He stated, he became a Non-Co-operator in February 1921. He had signed the Creed of the Congress. He was attached to the office of the Kerala Provincial Congress Committee at Calicut. He lived in the Committee's office. They did not maintain a register of records in office. They had several records in office. Those records were not indexed, but they were arranged in certain files for which there was not register. Some of the files were kept in a closed almirah while others were kept in open shelfs which were placed in the office room. There were over 500 members of the Congress in Calicut who had signed the Creed. Several of them frequented the Congress office. There was also a reading room which was open to all. He had no occasion to search for the original of the report. He could not say definitely whether the original of the report existed in the Congress office. Mr. Kesava Menon did not say that the original did not exist. He did not tell him where the original was. He knew that a draft of the report had been sent by Mr. Menon to Mr. Prakasom at Madras. He himself was concerned in correspondence relating to it. It must have been before 11th May. He sent the draft to Mr. Prakasom at the instance of Mr. Menon. Hhe major report must have been sent to the "Hindu" office ten or twelve days after 26th April. A portion of it had drawn upon 26th or 27th April. Some part of it must have been typed. He had read typed portion. The manuscript portion was in the handwriting of Mr. Menon who must have written a private letter of Mr. Prakasom. He did not read it very minutely it was too long. He knew about the Emergency Committee only when he saw the report published at Calicut and printed at Madras by the Committee. Many copies of the book had been sold at Ottapalam. Mr. Subbarama Iyer was not very prominent at the Conference owing to some calamity at home. Mr. Subarama Iyer gave up his practice at Palghat in response to the Congress mandate. Congress Committee meetings used to be held at Calicut. Two or three meetings of the Committee had been held in Calicut after the Ottapalam Conferences. Mr. Iyer had not attended those meetings. He did not know if any one in the Committee was interested in forging Mr. Iyer's signature. He had a great regard for Mr. Iyer. He did not know that Mr. Iyer had not signed the report. As far as he knew the draft report had not been signed by anybody. He had seen Reserve Policemen in uniform. He did not remember to have seen any Reserve Policemen in black putties on that day. He had not noticed what kind of putties they had put on. He was excited that day. Mr. Ramanni Menon also must have been excited. Mr. Madhava Menon was very much excited when he saw him near the Railway Station. He had filed all statements recorded that day. Before 26th April no statements had been recorded on his own initiative. Nobody told him that an enquiry was going to be held. Knowing the seriousness of the happenings he anticipated that there would be an enquiry. He expected that a Committee would come for enquiry as was done in connection with the Punjab and other affairs. No such committee came for enquiry. Five or six persons were engaged in recording statements at the residence of Mr. Prakasom. There was absolutely no confusion there. When statements were being taken Mr. Prakasom was seated in the yard. He must have been sitting in the verandah also. He did not see Messrs. George Joseph and Syed Mruthuza Sahib seated together near Mr. Prakasom. He had not seen all the five defendents seated together with a table and many chairs in portico. He did not very well remember if he had assisted in translating the statements. He had recorded statement of a Moplah. He did not remember the name of that Moplah. There was a typed list of those whose statements had been recorded. They preserved the statements because they expected an enquiry. He did not remember to have sent those statements to Mr. Prakasom. All statements were with Mr. K. P. Kesava Menon.

Examined by Mr. Sesha Iyer, witness stated that he had not seen the original of the report. He had seen the draft which had been signed by Mr. Kesava Menon. So far as he recollected none of the others had signed it. He had no idea as to whether there was an original correspondence to exhibit B. Mr. Subarama Iyer was not moving out as enthusiastically as others. Mr. Iyer might have told him that he had signed the reports but he did not ask him about it.

NARAYANA MENON'S EVIDENCE.

Next witness Narayana Menon stated that certain incidents had occurred at Ottapalam in April. He had a shop in front of the Court compound. He was sitting in his shop at about 11 or 12 a.m. when he saw ten or twenty persons beating a man. He was told that they were all Reserve Policemen. The men who was beaten was a short dark complexioned man. The men who were beating had kakhi shirts and shorts. When they reached his shop they asked where that old cyclist was and got into his shop. His brother told them that there were no cyclists there. They then assaulted his brother and dragged him to the roadside. They assaulted witness also. He fell down when they raised him up. One of them then beat him on his face, blood oozed out of his nose. Movinda Menon a Volkart cleke who attempted to rescue him was also assaulted. He then closed his shop. A man then went to him and told him that the local Sub-Magistrate wanted to see him. The Magistrate asked him to go to Dr. Joseph. Sub-Inspector Govinda Menon was then with the Sub-Magistrate. He was treated by Dr. Joseph.

Cross examined by Mr. A. V. Govinda Menon witness stated that he could not give the exact time of assault. He had seen there over one hundred men with shirts and shorts. He did not know if they were Khilafat volunteers. His nose must have been struck against something when he fell down. He did not know what happened after his fall. When he was getting up he was beaten on his face. He did not file a complaint against anybody. He did not know how the wound on his nose was caused. He had not been asked by the Khilafat or the Congress workers to close his shop.

Further hearing will be resumed to-morrow.

MR. PICKTHALL AT AHMEDABAD.

VISIT TO SABARMATI ASHRAM.

(From our own Correspondent.)

AHMEDABAD, July 14.

Mr. Pickthall arrived here last night by mail from Karachi. Enroute at Hyderabad, Mirpurkhas, Chhor and Mehsana Congress and Khilafat workers assembled in large numbers to give him send off. At Ahmedabad station a big crowd of people had assembled including Mr. Vallabhbhai Patel and Dr. Jalaluddin and a large number of volunteers. As the train steamed into the platform cries of Allah-o-Akbar and Mahatma Gandhi-ki-Jai were raised and continued until the train drew up and Mr. Pickthall was garlanded and presented with a lovely bonquet. The Reception given was very enthusiastic and both Hindus and Mussulmans freely joined in it. After taking leave of those assembled Mr. Pickthall proceeded to Shahizagh, where after dining with Dr. Jalaluddin he drove to Sabarmati Ashram to rest for the night. Early this morning Mr. Pickthall joined the Ashram residents in the morning prayer. It was quite an impressive function and was performed with great eclat. In the morning after breaking fast Mr. Pickthall was conducted over the Ashram grounds by Mr. Ramdas Gandhi and Mr. Maganlal Gandhi. Mr. Pickthall took particular interest in the weaving department which is in charge of Mr. Maganlal and was delighted with the work that is being turned out. He was also shown the yarn spun by Mahatma Gandhi and Mr. Banker respectively in Yeravada Jail which was received at the Ashram by post. It is intended I believe, to weave all, this yarn separately and to inform Gandhiji of the quality of the cloth produced. The Ashram at this time is particularly full of students who have come from different parts of India to learn the various branches of spinning and weaving under the All-India Khadi Scheme.

At about 10 a.m. Mr. Pickthall took leave of Mrs. Gandhi and Ramdas and proceeded to Gujarat Mahavidyalaya which was in session. Prof. Gidwani and Mr. Swaminarayan welcomed him to the College and Prof. Gidwani, after introducing the various members of the staff conducted Mr. Pickthall round the College which is at present being held in a rented Bungalow with spacious compound on the Bank of the Sabarmati. The College occupies a fine site and commands an excellent view of the river and the old city of Ahmedabad on the opposite bank of the river. In the meantime the students of the College had assembled in the main lecture hall. Some music was rendered in chorus to welcome the distinguished visitor and Prof. Gidwani introduced Mr. Pickthall to his students.

Mr. Pickthall in expressing the deep interest he took in the great national institution spoke to them about the Asiatic revival which was in the making and emphasized the part national educational institutions such as theirs played in reviving the glory of the East and sustaining its culture and civilisation. Mr. Pickthall paid a glowing tribute to Mahatmaji and his imperishable work towards the salvation of the humanity at large.

Afterwards Mr. Pickthall was the guest of Prof. Gidwani at breakfast. Next he attended Juma prayers at the famous Juma Mosque built by Ahmedshah, the first Vice-Mosque built by Ahmedshah the first Viceroy of Aurangazib and has been the scene of many important congregations. It appears that the local Khilafat Committee had already announced about Mr. Pickthall and other important visitors attending the prayers. In view of this the mosque was crowded to its utmost capacity and not less than ten thousand persons participated in the prayers.

POSITION OF KHILAFAT.

After prayers were over Mr. Pickthall delivered an address on position of the Khilafat and the duty of Indian Mussulmans. In the course of his speech he referred to how England had first entered into conspiracy with Czar of Russia but the Russian Czar had been annihilated. In second conspiracy between England and Venizelos the the latter had been made to suffer and sink into inglorious oblivion. Turkey's position was strong and full of vitality. He said and hoped she would come through her trials safely. At this juncture the responsibility of Indian Mussulmans was great and they had to realize that Allah was one universal King and Islam knew of no race or creed but embraced the whole world in universal kinship. It was upto them to respond to the call of Islam in defence of which the Turks had given their all. Mr. Pickthall finally exhorted them to do their duty by the Turks and uphold the cause of Islam.

The audience listened to his address with uninterrupted silence and when he concluded gave him an enthusiastic ovation.

Moulana Zahur Ahmad who has arrived here in connection with the Khilafat Civil dis-obedience Committee translated Mr. Pickthall's speech adding here and there some original touches concerning the political aspect of the present Islamic struggle. By God's grace, he said Turkey had withstood all anti-Turkish Machinations and he appealed to all the Indian Mussulmans to help their Turkish brethren.

Mr. Mahmedkhan, whose father is a staunch cooperator and titleholder, on behalf of the congregation thanked Mr. Pickthall in appropriate language for his illuminating address and for his deep interest in the welfare of Turkey. The meeting then came to a close amid enthusiastic scenes. In the evening Mr. Pickthall delivered an address on Pan Islamism to the students of the National University at Premabhai Hall. Besides students there was a large gathering of citizens and the address was highly informative and instructive.

MR. PICKTHALL IN KARACHI.

POLICE INTERFERENCE AT RY. STATION.

Mr. Marmaduke Pickthall, Swami Satya Deva, Mr. Zahur Ahmed and Mrs. Mahomed Ali arrived this morning in Karachi by the Lahore mail. There was a great rush towards their compartments when the train steamed on platform and cries of Allah-o-Akbar and Gandhi-ki-jai were raised.

People crowded round the compartment to have full view of Mr. Pickthall who was covered in simple and pure khadi, and wore a white Gandhi cap. The leaders were garlanded with simple handspun yarn. Great enthusiasm was manifested by the crowd which had a preponderating element of Khilafatists. A very limited number of persons was allowed access to the railway platform, all others having been detained and kept back outside. It was strange to find the police assuming authority within the railway jurisdiction. Even responsible men like the Secretaries of the Congress and Khilafat Committees were not allowed admittance at first, although they were willing to pay for admission. Tickets to the extent of twenty-five which had been issued were cancelled by the orders of the police inspector in charge notwithstanding the willingness of the assistant station-master to give admittance, who admitted that the usual number of tickets issued every day was two hundred, and the total number of platform tickets sold to-day did not exceed 128, including the above mentioned 25 tickets. So that the plea of want of space could not hold good. Ultimately, however, what with the protests of the Khilafatists and the equally strong protests of the booking clerk that he was not responsible for the amount that was still not paid to him for tickets since the order of cancellation was given before the tickets were handed over to the people, about 25 people were allowed to go to the platform by the police inspector from whom even the assistant stationmaster seemed to receive his orders in his own jurisdiction.

THE PROCESSION.

The procession started about fifteen minutes after the arrival of the train. Mr. Pickthall, Swami Satya Dev and Mr. Zahur Ahmed drove in one car and Mrs. Mahomed Ali got in another.

The number of persons forming the procession ranged between eight to ten thousand. Many lady volunteers were to be seen in the crowd. Four volunteers on horse back flaunting the flags of liberty above their heads led the procession which was taken along Bombay Bazar, Zuria Bazar and Mitho Dar Bazar to the accompaniment of music. Lots of ladies and gentlemen stood at the windows of their houses to witness the procession and have a look at the "Mahomedan European" as they called Mr. Pickthall, and people on the way often sprinkled rose-water over him from their shops.

Mr. Pickthall stays at the Islam Club and Swami Satyadev at Jain Mandir.

The procession was accompanied by a police inspector and about a dozen constables. There was, however, no further display by police force. The procession was graced by as much orderliness as could be wished for—The "Sind Observer" (July 11).

PROHIBITION OF COW SLAUGHTER.

MRS. SAROJINI NAIDU'S OPINION

Mr. Saddik, Secretary, Muslim-Gujarati Lekhak Mandal who saw Mrs. Sarojini Naidu, at the Tajmahal Hotel in connection with Mr. Halai's motion in the Corporation regarding prohibition of cow slaughter the latter said that she was strongly opposed to Mr. Halai's motion seeking legislative prohibition of cow slaughter. It was bound to creat dissensions between the Hindus and the Muslims. The Hindus have no right to stop the killing of cows by such a motion and to wound the religious susceptibilities of their Muslim brethren. That is the opinion of Mahatma Gandhi and other leading Hindus. If the Hindus feel keenly that the slaughter of cows should be stopped let them do so by love and sweetness. Cow slaughter can be stopped by friendly ways. That is not the real protection of cows which results out of Government intervention. She added that some Mahomedans of Hyderabad who are nobly born and bred up have either stopped cow slaughter or given up eating beef out of their regard for the feelings of their Hindu brethren. Mr. Halai's motion will adversely affect the Hindu Moslem Unity. And Swaraj without the Hindu-Moslem Unity will be futile.

INDIAN POSITION IN AFRICA

DEEDS NOT WORDS,

To the Editor of "The Chronicle."

Sir,—The announcement that the Imperial Indian Citizenship Association along with other sister public bodies is going to discuss the position of Indians in South and East Africa is rather surprising. What is there left to discuss about the status of Indian in Africa now? It is not a fact of common knowledge that the Governments of South and East Africa are determined not to budge an inch of quarter to the Indian? The European magnates who have piled their wealth on the sweat of the Indian labourers, merchants and soldiers are so powerful locally in South and East Africa and at home in England that they are bringing all their weight to bear upon their Governments to bar the Indians from all considerations of equal Citizenship. Now that the counterbalancing weight of the Colonial Office is being astutely removed what hope is left to the Government of India to hold the balance equally between the whites and the Indians?

The mere plain statement of its Mahomedan subjects regarding the Khilafat was resented by the Foreign Office with a vehemence unknown in the histroy of British India.

Has the Government of India such a prevailing voice in the Colonial office as to stand by its down-trodden subjects? I fear not.

The temerity and obsequious acquiescence of the Government of India to depart from the Downing Street has forged such chains around itself, that it has made itself a pitiable cripple.

If it had taken the people of India in confidence and stood up for its subjects in India and abroad in all consciousness and loyalty to the King, Emperor and not to the Downing Street or Foreign Office diplomacies, it would have gathered a miraculous strength and would have surely fulfilled the mission upon which it is detailed to India by His Majesty the King Emperor to labour for the peace and prosperity of his subjects 6000 miles away.

Bleating out emphatic protests is of no avail. We have had any number of public meetings since 1913. We are sick of these guttural effusions. Let us take counsel if need be and work for the emancipation of our country-men. Protests and appeals are futile. Serious and continued work in the only way to achieve equality and respect. Unless we improve our lot and status in our home how can we command respect outside? Let us estimate our position at home, it is none better than our fellow brethren outside the country. They are ill-treated and despised because they hail from the country of helots. If one millionth of the treatment that is accorded to Indians in South Africa, East Africa, Fiji, Br. Guiana, Honduras, Canada and other places were meted out to the Americans or Japanese what would have been the situation?

Is it any wonder that helots at home remain helots abroad?—Yours, etc.,

AN OBSERVER.

SOLICITORS' CLERKS.

To the Editor of "The Chronicle."

Sir,—You were kind enough to publish my last letter complaining of the Solicitors setting at nought the Circular of the Law Society and the arrangement with their Lordships the Chief Justice and Judges of the High Court. It had a salutary effect and several firms of Solicitors thought it advisable to close their offices early last Saturday. It is, however, much to be regretted that among others some firms of long standing are setting a bad example by refusing to comply with the circular of the Law Society. European Solicitors have set a very good example in closing at 2-30 p.m. sharp on all Saturdays. Surely, if big firms of merchants, banks and other concerns can make their own arrangements and allow their poor overworked clerks a half holiday, these firms of attorneys with the concession given by the Chief Justice can also make similar arrangements. The senior members of all these firms are kind and generous-hearted masters and I am sure now that their attention is pointedly drawn to it, they will fall in line with other firms and close their offices early on Saturdays.

If, however, these firms persist in defying the Chief Justice and the Law Society, I appeal to the clerks concerned to move actively to form an union of all the clerks of Solicitors as such an union will have better chances to fight capitalism than individual clerks.—Yours, etc.

COLLEGE OF TECHNOLOGY ESSENTIAL

DUTY OF GOVT. TO PROVIDE FUNDS

BOMBAY COMMITTEE'S MINORITY REPORT.

The following is the concluding portion of the Minority report of the Committee appointed by the Government of Bombay to consider the question of extending technical and industrial education in the Presidency. It is signed by the President, Sir M. Viswasvarya and all the five Indian members, viz., Messrs. K. R Godbole, G. N. Gokhle, K. R.Kanitkar, A. M. Masani and K. H. Vakil. The first portion of the report appeared in our yesterday's issue:—

Compulsory education is not yet begun in this Presidency and when begun it will ejtend only to the age of 11, the absence of compulsory primary education places the people of this Presidency under special disabilities in respect of the spread of technical and industrial education among them. In most countries of Europe and America, elementary education is compulcory up to the age of 14. Between 14 and 16, and in some countries up to 18, part-time attendance at a vocational school is also compulsory. This attendance is usually binding for 6 to 10 hours a week, and employers are required by law to allow the workers to put in the same during day time.

The measures which seem practicable at the present moment and which the Government and the people should endeavour to render popular in the Presidency are:—

(1) Compulsory education up to the age of 11.

(2) Part-time general education with a vocational or industrial basis in the 12th and 13th years.

(3 Part-time vocational or industrial education from the 14th to the 18th year.

In the case of boys who begin their education late, this part-time vocational or industrial education might extend beyond the 18th year. From the 17th or 18th year, the character of the education for the boy will be nearly the same as in other advanced countries. It is only in the lower grades that the special disadvantages of illiteracy have to be met by special measures.

Since compulsion is not possible, compliance on the part of the pupils and their parents should be encouraged by persuading employers to give higher rates of pay to workers possessing higher educational qualifications, by giving facilities to such as attend schools, by public award of prizes and by social pressure as far as possible.

We have suggested the starting of Lower Industrial Schools to meet the case of the large number of boys whose general education will not extend beyond the IV standard primary. We have suggested Mass Industrial Classes to give the still larger body of illiterate persons an opportunity of acquiring business habits and some measure, however small, of skill or capacity, in an occupation, handicraft or cottage industry.

EQUALITY OF OPPORTUNITY.

In every city, there will be at least one Middle Industrial School and one Lower Industrial School with apprenticeship and evening classes and supplementary classes.

In rural areas which can afford them, Lower Industrial Schools will be provided; and in their absence, supplementary classes or mass industrial classes.

Our scheme will provide opportunities of training for all classes of people. The youths of the higher and middle classes who have the necessary capacity and preliminary training can study in the Technical Institute or in the College or Technology. The less favoured classes may go to the Middle Industrial and Lower Industrial Schools. The masses have opportunities of attending short courses specially prepared to suit their circumstances.

Short courses and lectures, for special seasons or times of the year, can be instituted as required from time to time in all these institutions to help to increase the knowledge and skill of men of all grades from a jouneyman assistant to a captain of industry.

As regards girls and women, we would chiefly cater for two classes—(1) middle class women attending a full-time course and (2) women of the poorer classes who by circumstances are compelled to work for a living. To the former we propose to give sound training in home work and domestic economy by providing parallel courses in those subjects in the existing girls' schools themselves. To the latter we propose to give training in handwork or in some industry or gainful occupation.

In this way we are providing, in the scheme, opportunities of industrial education to every individual according to his means, mental capacity, aptitude and temperament.

SUPPLY OF EXPERTS AND SKILLED WORKMEN.

The College of Technology and the College of Engineering will train technical experts and captains of industry. The Technical Institute through its day courses will train managers, Superintenrents, and other executive officials. The night classes of the same Institute will train foremen, chargemen, etc. The Middle Industrial School through its day classes will train persons who, with further practical experience, will become foremen, chargemen, etc. The continuation classes in the same school will train skilled workmen. The day classes in the Lower Industrial Schools will train men who with some practical experience will become skilled workmen but of a type lower than those trained in the Middle Industrial Schools. The continuation classes in Lower Industrial Schools will train intelligent handy men.

The Middle Industrial Schools will provide recruits for handicrafts and produce "small masters" who would own and work a cottage industry. Both full-time and part-time classes in the Lower Industrial Schools will produce mechanics, artisans, journeymen assistants, etc.

APPLICATION OF SCHEME TO BAMBAY CITY.

It may perhaps be of interest if we explain here briefly how our proposals, if accepted, will apply to the City of Bombay.

Up to the 11th year, boys will undergo general education under the Compulsory Education Act. We are strongly of opinion that in industrial centres like Bombay, Ahmedabad and Sholapur, part-time education of a *pre-vocational* character should be made compulsory in the case of workers in factories in their 12th and 13th years for a minimum period of six hours a week; and in the 14th, 15th and 16th years similar part-time education of a *vocational* character should be compulsory for the same mmimum period.

Till the close of the 13th year, the education of the boy or girl will be mainly cultural, and should be provided for by the Educational Department. Quite 75 per cent. of the school time in the 12th and 13th year should be given to cultural education, *namely*, reading, writing, elementary arithmetic, drawing, civics, hygiene, etc. In the 14th, 15th and 16th years, boys who are required to work for a living should attend continuation classes in a Lower Industrial School or in an Apprenticeship School for at least six hours a week during day time.

Boys who have passed the III standard Anglo-vernacular and are engaged in a definite industrial occupation should be compelled until they complete their 16th year to attend a Middle Industrial School, or continuation classes of that grade in an Apprentice School, for three years, two mornings a week, to undergo a regular continuation course. A boy should be admitted only to the particular course which teaches the industry in which he is actually employed and this for Bombay City will be the textile industry mainly.

Out of the large number of pupils of the continuation classes and Middle Industrial Schools, a small percentage of ambitious youths, after their compulsory period of training in the 16th year is over, are likely to equip themselves for voluntary attendance in night classes of the Technical Institute. In this Institute, a regular continuous 5 year course (two hours a night and three days a week) has been already recommended by us for such youths. The best youths should be admitted by selection after putting them through an entrance examination specially suited to their standard of attainments.

SCOPE FOR AMBITION.

Those with an aptitude for skilled workmanship will have been given a chance to acquire skill in their trade and become intelligent units of their community. The most ambitious youths will have been provided with an avenue to rise almost to the top of their profession, their progress being only limited by their basal equipment. Thus the poorest boy, who is compelled to earn his living from the tender age of 12, may, by compulsory attendance at a Continuation School till his 16th year and voluntary attendance thereafter at night classes of the Technical Institute till his 21st year, rise in his profession almost as well as his more fortunate brother who can afford time and money to join the profession by a more leisurely process of secondary school training and then full-time diploma day course at the Technical Institute.

The above represents the provision for boys and men who are compelled for any reason whatsoever to earn while they learn. For men who have the time, means and capacity to attend a full time day course, ample provision has been made in the shape of institutions from the Lower Industrial Schools to the College of Technology, described in the previous chapters.

Provision has also been made for special day and night courses and classes for manufacturers and others actually engaged in the industries, at all the institutions.

The application of the scheme to Bombay, Ahmedabad and Sholapur as described above will help to change the whole tone of the cotton mill industry. A large body of skilled men, jobbers, assistant weaving and spinning masters, full masters and managers will be provided for the industry and the employers will have a highly trained army of men to choose from. With better skilled men and above all better and more intelligent citizens, there will be much larger and better production, both total and individual. The worker will be taught civics, ethics, social and personal hygiene, in addition to his own trade or industry, and this is bound to make him more tractable and more useful to his employer. His health will improve, his individual production will rise, and the vicious circle of low production, low wages, low standard of living and poor health will be, if not broken, at least greatly weakened, and in course of time may disappear altogether.

WHY A TECHNICAL EDUCATION ACT IS NECESSARR.

We attach much importance to the proposals made under "Organization and Administration" in Chapter X and to the preparation of a development programme, for the first 10 years, to be ratified by a Technical Education Act passed through the local Legislative Council. If Government make provision, for the necessary funds and the working out of the programme, in a legislative measure, the scheme will be binding on all concerned and its success will be independent of vicissitudes of policy and personnel which will be inevitable in the years to come.

In support of this view, we desire to invite attention to what has been done in recent years in the same field in the Dominion of Canada. A Royal Commission on Industrial Training and Technical Education was appointed in that Dominion in 1910 and after three years of investigation, in the course of which the Commission visited various educational institutions in Europe and the United States of America, submitted its report in 1913. The Commission recommended that a sum of $3,000,000 (approximately Rs. 90 lakhs) should be provided annually, for a period of ten years by the Parliament of Canada, for allotment to the provinces to supplement the provision made by the later for promoting technical education and industrial training. In the year 1912-13, a Dominion Act known as "The Agricultural Instruction Act" authorising the payment in the aggregate of 10 million dollars for the advancement of *agricultural instruction* in the provinces for a period of ten years was assented to by the Parliament of Canada.

We consider that these recommendations apply with necessary changes to the conditions of the Bombay Presidency and we commend them for the favourable consideration of Government.

STUDY OF FOREIGN INSTITUTIONS.

In the initial stages of the scheme it would be an advantage if a couple of officers were deputed to England, Europe, America and Japan to study their institutions on the spot, collect information and furnish suggestions to the Development Committee. But none of the other measures recommended should be delayed on that account. Frequent visits to foreign educational institutions by local experts, professors and inspectors will help in the maintenance of a forward policy and a progressive spirit in the local institutions. In connection with the creation and development of the Municipal College of Technology, Manchester, which at present is perhaps the foremost technological institution in Great Britain, a committee of enquiry and several individual officers visited the Continent of Europe and the United States of America, on various occasions, for the purpose of studying the chief technological institutions and their arrangements and equipment. Similar measures cannot fail to infuse life into the educational policy and institutions in this Presidency.

FOREIGN TRAINING.

There is a widespread feeling as to the necessity of sending Indian youths and Indian scientists to England, America, Japan and other countries for receiving up-to-date training in mechanical and industrial arts, and for getting into touch with the latest devices and inventions in such arts. This training requiries no local preparation and is easily arranged for by providing the necessary funds.

The feeling in the country in this respect was effectively voiced by Mr. N. M. Samarth, M.L.A., in the Indian Legislative Assembly in February 1922, when he moved a resolution, recommending that "not less than six lakhs of rupees be set apart every year from the Central revenues to provide for education and training abroad of Indian and Anglo-Indian youths in the ship-building, ship-engineering, oceanography, wireless telegraphy, gunnery and other modern weapons of warfare, industrial chemistry in all its branches, theoretical and practical mining and metallurgy, geological surveying, hydro-electric engineering and the application of electricity to agriculture, making and canning fruit preserves, condensed milk products, and concentrated foods, cottage industries, organisation and working of distributive co-operative stores and producers' co-operative unions and such other subjects as the Assembly from time to time deem essential for the needs of India."

A policy and scheme of development should, we think, be determined on, on the basis of this report, and embodied, as already recommended, in a Technical Education Act.

We consider that Government should provide the necessary organization and funds for a term of ten years, at least at the commencement, in order to make an effective start and give an impetus to technical and industrial education. Gradually this responsibility may be shifted to local bodies, manufacturers' associations and private individuals.

The Presidency should make a serious effort to provide itself with the expert staff and skilled workers needed for her industries. The College of Technology we regard as absolutely indispensable. The larger institutions should give the lead to the smaller ones. A beginning should be made in the cities at the top and, from there, industrial life and practices should filter down and permeate the remotest parts of the Presidency.

With the aid of suitable propaganda, local interest should be roused; and all the various grades of educational institutions we have recommended should form living agencies, imbued with the idea that they are there to serve the public, and become centres of industrial aspiration and advancement.

LORD LYTTON AT KHULNA.

REVOLUTIONARIES AMONG POLITICAL PRISONERS.

NO REPRESSION IN BENGAL.

(ASSOCIATED PRESS.)

KHULNA, July 13.

Lord and Lady Lytton arrived here this morning. Addresses were presented to His Excellency by the Muncipality, the District Board and the People's Association. The Governor delivered a joint reply in which he discussed local problems and suggested remedies.

Referring to a statement that the Government was pursuing a policy of ruthless repression and to the demand for the release of all political prisoners in the Presidency, the Governor said that there was nothing ruthless in the Government's policy and he had found among his colleagues nothing but the most earnest desire to promote the welfare of the Presidency and to satisfy the legitimate aspirations of all sections. Where breaches of law took place in pursuit of some political doctrine and disorder was fomented, there was of course repression, but to repress crime and disorder was the elementary duty of any Government. Among the political offenders now in jail were some men who have been guilty of violent acts against person and property, men who had been engaged in revolutionary movements and had not hesitated to employ methods of assassination, and if the request for their release were granted ends of justice would be defeated and the safety of the state and preservation of order would be endangered. His Excellency added that he would never cease to devote all his efforts to maintaining an attitude of conciliation towards all shades of political opinoin provided they did not break laws or resort to violence or intimidation.

POLITICAL PRISONERS.

SLEEPING PUBLICITY BUREAUS.

TO THE EDITOR OF "THE CHRONICLE."

Sir,—A communique from Simla purporting to contradict some misleading public statements regarding the number of political prisoners says that the total number of prisoners in all the provinces is less than 3,815. From hundreds of platforms it has been given out during the past six months that not less than 25,000 are rotting in jails for their political convictions, and it is rather perplexing that till now the Government did not see its way to come out with a contradiction. May it be that the Government has been pricked to wakefulness by some members of the Assembly or the Council of State interpolating on the subject? Be that what it is, it is unthinkable that even an irresponsible Government would have remained so utterly insensible to such public statements for so long a time. That the Government has taken so much time to come forth with a contradiction is itself highly suspicious. A man in the street knows that it will not take more than a few days for the Government to get the exact number of prisoners; they can have it in a few hours even. The contradiction, being long delayed, is practically useless, and the disparity between the figures is met that both seem to be incorrect—25,000 is a figurative figure and 3,815 seems to be a manipulated one.

Seeing the unpardonable delay in contradicting the statement, naturally one is compelled to ask, why do the Publicity Bureaus exist? To speak the naked truth, they are a drain on the public funds. They do not perform any special function, nor do they serve any useful purpose either the Government or the people. They do little of original work. The informations that they publish are generally of a very poor quality, always second or third hand and invariably coloured or purposely imperfect. The only purpose by which they could be made useful to the public is the one which inheres in them ex-officio, and that is, supplying correct official information to the public. If they do not do even this, what is the good of maintaining them at public cost? They may have justified their existence during the war, and now that the war is over, they ought to cease to exist. It is high time to close the show when the concern is a losing one. In these days of universal cry of retrenchment, will not some members of the Legislative Assembly interpolate the Government on the question of abolishing the Publicity Bureaus? Were there such institutions before the war?—Yours, etc.

BARONS OF OUDH.

TRIBUTE TO SIR H. BUTLER.

(ASSOCIATED PRESS.)

LUCKNOW, July 13.

Important resolutions were passed last evening at the extraordinary general meeting of the British Indian Association of Landholders. Hon'ble Raja Rampal Singh who presided, after reviewing the activities of past two years to deprive landholders of their absolute proprietory rights in land said that to their bewilderment even the Government of India and the Secretary of State, not to speak of subordinate officers of the local Government, had not the courage to resist the temptation of gaining cheap popularity by adding weight of direct and indirect sympahty against landholders without considering for a moment what such a breach of faith on the part of the British Government would entail. Amidst the engineered agitation when several forces were at work against them; it was Sir Harcourt Butler who kept his head cool and calm and without impairing the integrity of *sanads* and sacred pledges of the Crown succeeded in securing very substantial concessions from talugdars for the tenantry of Oudh. He emphatically supported the view of the Raja of Jehangirabad that but for the influence of the Governor the Taluqdars would not have accorded an iota of concession to tenants. He denounced the Liberals' agitation against extension of the term of Governorship of Sir Harcourt to whose sympathy with Indian aspirations and adherence to principle of equality between Indians and Europeans he paid a glowing tribute.

Continuing Raja Rampal Singh said that lands were already heavily taxed and the proposal for an additional taxation of land should be dropped. He appealed to the landlords to take a living interest in politics, start a daily organ of their own, develop lands, protect the poor from the oppression of the strong and keep discipline, peace and order in villages. In conclusion he said that from economic, political and social points of view the best solution of agrarian problem was the extension of permanent settlement to the United Provinces as well as greater rights to tenants.

The resolutions adopted by the meeting generally followed suggestions made by the President in his speech. These urged the full period of Governorship to Sir Harcourt Butler, asked Taluqdars not to agree to any further taxation as provided in the District Boards Bill, emphasised the need for joint association of Taluqdars and Zamindars of Agra and Oudh and suggested establishment of a daily newspaper.

LOK TILAK & THE COUNCILS.

TO THE EDITOR OF "THE CHRONICLE."

Sir,—I shall be very much obliged if you will be pleased to publish the following few lines in your paper.

The Maharashtra pleaders, or excluding 'P' we can safely say leaders, lay very much stress on entering Councils. It is surely a lure as Mr. Khare has termed it. I humbly request all the Maharashtra pleaders or leaders to carefully read the following extract from Lokmanya Tilak's speech delivered at Allahabad in the year 1907. It runs thus:

"The Government had not yielded to our demand for more representations. And in the meantime it had been discovered that more representation would do no earthly good. The appointment of additional members merely means that instead of a few more speeches being printed in the local papers they would be published in Government Gazette. Granting for the sake of argument that we had a sufficiently large number in the Councils to overvote the Government, could we for a moment persuade ourselves that the Anglo-Indian Government here or the Cabinet at home would let us have our own way? A ridiculous idea is that."—Yours, etc.,

BENGAL COUNCIL.

POLICE GRANT VOTED.

(ASSOCIATED PRESS.)

CALCUTTA, July 13.

After five days discussion, on the supplementary budget the debate was concluded at a meeting of the Bengal Legislative Council this evening. Although there were 334 motions for reduction of demands for grant, the main discussion centred on two items, namely, for police grants and grant for maintaining the High Court Paper Department. Both these grants were not voted by the Council during the main Budget debate in march last. These items were again brought in the supplementary budget and as was expected there was keen fight between official and some non-official members. This time non-officials were defeated and both the grants were restored. The whole amount demanded in the supplementary budget was granted. The total amount demanded in the supplementary budget budget was granted. Rs. 8,000 in agricultural and Rs. 16,311 in police departments were granted.

To-day, Sir John Kerr in moving for a grant of Rs. 25,000 for the up-keep of Victoria Memorial Hall said that in the year 1904 the Government of India promised to be responsible for its up-keep. It had stood by its promise and the Indian Legislative Assembly had voted Rs. 31,800 which was considered in 1904 to be required for maintenance of the Victoria Memorial. Now that prices of materials and wages had gone up the trustees of the Memorial had asked the Government of Bengal to contribute Rs. 25,000 for the up-keep of the Memorial. The grant was voted and the Council prorogued.

INDIA AND WIRELESS COMMUNICATION.

TO THE EDITOR OF "THE CHRONICLE."

Sir,—It is to be regretted that your interesting leading article on the above subject in your issue of the 10th February should have failed to attract the attention of the public. That article illustrates in the first instance the fact that after all the Government of India enjoys very little independence even in matters vitally affecting the interests of India. That India needs wireless communication with the United Kingdom on political, strategic and commercial grounds will be readily admitted by all who want India to keep pace with modern nations. No patriotic Indian can, however, agree to Whitehall foisting the scheme of the British Post Office on India which, as stated by experts, will involve India in tremendous expenditure without adequate compensation or satisfactory results.

In view of the rejection of the British Post Office scheme by Canada and Australia and further in view of the fact this scheme will necessitate the repetition of all communications through Egypt, India also should express its emphatic disapproval of the Post Office scheme. The hon. members of our supreme Legislatures should boldly press the question of direct communication with the United Kingdom and ask for immediate steps being taken in this direction. The speech of Commander Nicholson, Director of Wireless, delivered at Metcalfe House on the 23rd February and reported in your columns on the 27th idem, is extremely interesting. He says that co-ordination for the development of wireless must necessarily be in the hands of central authority but agrees that development should largely be in the hands of the people. The most desirable course would, therefore, appear to be the encouragement of private enterprise on the part of Indians properly controlled by the Government of India.

If, as announced by Government officials in the Legislative Assembly, an enterprising Indian firm has already made an offer to finance and guide the scheme, why should Government remain irresponsive so long? Why not accept the offer with the necessary safeguards for an efficient control?—Yours, etc.,

PRIVATE ENTERPRISE.

He asked them to remember the attitude of the Reformed Council towards the Municipality of Nadiad and referred them to the fate of resolutions re political prisoners in Bengal, the United Provinces and the Behar and Orissa legislatures.

MONEY.

Easy monetary conditions are the prevailing feature, and the inter-bank call money rate is now reduced to 2½ per cent. The rate for short term deposit was about 3 per cent. The Imperial Bank balance was up by rupees one lakh and the bank-rate continues unchanged. The reduction in the bank-rate has given the expected stimulus to the gilt edged market. There is a large amount of money lying on deposits at banks, and with a tendency to weakness in industrial stocks, this money may be expected to flow to an increasing extent into high grade securities. The new Indian loan has consequently been well received by the public and already applications have amounted to over seventeen crores. This is a sufficiently good start for the loan. There was a rumour in the market that the Bombay Government would come out with the Development loan shortly at 6½ per cent. It is satisfactory to see that this rumour has been officially denied and we are glad that the Bombay Government do not intend to issue any loan in Bombay this year. We may, therefore, expect that the Bombay public will now apply for the loan in large amounts.

EXCHANGE.

Exchange opened easy on the news of the collapse of the German Mark to 2,500 to the pound. There were very few bills showing during the early part of the week and business was passed at as low a rate as 1/3—19/32 on Thursday. At the close, however, the market was distinctly steady, with bills showing in Calcutta at this level. The American Exchange on London dropped to Dols. 4.43½, but soon recovered and closed at Dols 4.44 3/8.

GOLD.

The Gold market ruled easy on account of the settlement. There was an improvement in upcountry demand this week, the usual result of the settlement. The daily off-take averaged some 20,00 tolas and the stock, including the latest arrivals, is estimated at about eight lakhs tolas. Heavy arrivals from various sources are expected about the end of this week and early next week.

SILVER.

Silver opened steady on China buying in London, but the sentiment grew easier during the week and the rate dropped to Rs. 95/8 for ready. There was a rally in the rates at the lower level on bears covering. The off-take averaged about 60 bars a day (foreign bars,) and the stock is estimated at about 3000 bars. China came out both as buyer and seller in the local market in sympathy with the movements in the Shanghai London rate.

The Shanghai London rate is 3/6 per tael, Hongkong/London rate 2/7 per dollar and Japan/London 2/1-13/16 per yen.

SHARES.

Thursday was the only working day on the Stock Exchange, the market being closed during the early part of the week on account of July settlement, which passed off quite smoothly. The market opened with a decline in all cotton mill shares, but prices soon hardened and were maintained at the close a few points lower than the closing rates of Saturday. A fairly large business passed in Kohinoors, Nagpurs, Currims, Davias and Swadeshi Mill shares. The bulls still appear to lead the market.

In the miscellaneous section, there was little change of sentiment and price movements have provided little to record. Tata Steel deferreds declined to Rs. 199 from Rs. 207/8. Bombay Trams were almost unchanged round Rs. 120. Katni Cement shares remained unchanged in spite of the recent dividends declared by the Company. This is due to the fact that the news of the dividends had been already discounted. Bank shares were steady; Imperial Bank shares were quoted at about Rs. 1410, while Contributory were around Rs. 365 Bank of Indias are steady about Rs. 121 and Tata Banks in the neighbourhood of Rs. 17/4. Railway shares remained un-affected and there was little interest shown in them. Tapti Valleys were quoted at about Rs. 585, Central Provinces changed hands at Rs. 89xd. and Ahmedabad Prantij around Rs. 605.

The following are the closing rates of the 13th instant.

After several fluctuations, Market closed steady.

CHEMICALS MARKETS.

July 14.

There has been a distinc fall in the prices of dyeing chemicals which have comparatively a small demand in the last couple of weeks. Bichromates of soda and potash have declined by about four to five rupees per cwt and the quotations from German manufactures have also been slightly easier of late. Aniline salt has again touched 12 annas per lb. and the great scarcity that was felt and which had forced up the prices to Re 1-4-0 has been relieved. Zinc Chloride has kept almost steady at Rs. 23 whereas, Magnesium chloride changed hands at Rs. 6-4-0 per cwt, Calcium chloride has been silent without change of hands. Among Sizing starches, Dutch Farina has continued brisk and the several lots were in demand at Rs. 29 per cwt. Japan Farina is almost scarce. Home offers for Dutch Farina have been varying largely, however September shipment lots are offered at nearly £25 per ton C. I. F. Sago flour kept on a downward movement.

Quotations:—
Bichromate Soda Rs. 48.
Bichromate potash Rs. 60.
Zinc chloride Rs. 23.
Magnesium chloride Rs. 6-4-0.
Calcium chloride Rs. 6-8-0.
Brown sugar lead Rs. 34.
Bleaching powder Rs. 25.
Caustic soda Rs. 33.
Sodium surphide Rs. 24.
Ascetic acid Rs. 10.
Muriatic acid Rs. 18.
Surphuric acid Rs. 15.
Oxalic acid Rs. 68.
Aniline salt Rs. 0-12-0.
Antimony salt Re 1-1-0.

SUGAR MARKET.

July 14.

The tone of our market is easier owing to small demand and the arrival of S.S. "Sikh" with 73,730 bags Java Sugar New crop, and dearless and weak holders being sellers White Java June shipment was one at 20s. per cwt. Free Bombay Harbour. Forward positions are maintained owing to strong advices from Europe and Java although very little business passing. July is quoted 20s. 8d. while August-September is quoted 21s. against Home and Java quotations of 6d. higher. Karachi and Calcutta markets remain quiet but steady with little business doing. Java market is little weak although prices are maintained American market is a bit easy with reaction. Europe continues strong with good business doing. Mauritius report a very strong market and 50,000 tons have been sold for W. Kingdom for August-September delivery and syndicate is no more seller.

The following are the Bazar rates and stocks:—

T. M. O. Rs. 22-12—20s. 2d. F. B. Harbour stocks 70,000 bags.
Brown Rs. 20-8—18s. F. B. Harbour stocks 1,500 bags.
Beet Rs. 22-12—20s. 2d. F. B. Harbour stocks 40,000 bags.
American Rs. 22-10—20s. 2d. F. B. Harbour stocks 28,000 bags.
Mauritius Rs. 22-4—20s. 2d. F. B. Harbour stocks 75,000 bags.

COLOUR MARKET.

July 14.

We have to report no new fluctuations in most of the important Dyes. Prices from home are easy and here also the rates are mostly favourable to buyers. Retail sales are limited. Many of the dyeing-houses buy only for their immediate requirements. Sulphur-Black appears to be in good demand. Stuff of the best quality passes at above Rs. 2 per lb. The quotations are as under:—

Alizarine 20 per cent. Rs. 95—100 per cwt.
Alizarine 16 per cent. Rs. 80 per cwt.
Alizarine I. P. Rs. 360 per cask.
Congo-red, Rs. 2 per lb.

Sulpher-black, Rs. 1-12 per lb.
Sulphur-brown, Rs. 4 per lb.

COMPANY MEETINGS.

KASTOORCHAND MILLS, LTD.

The ninth annual ordinary general meeting of the shareholders of the above company was held yesterday, at Canada Building Mr. Mathrudas Gocouldas presiding. The directors' report for the year ending 31st March, 1922 was approved and adopted. In the course of the report it was stated: During the year ended 31st March, 1922, a net profit of Rs. 9,23,362 has been made. To this has to be added the sum of Rs. 4,762 brought forward from the previous account making the total of Rs. 9,28,124 which the directors recommend to dispose of as under: —To write off for depreciation:—Building, Rs. 48,750, machinery and other plant Rs. 3,88,150, motor waggons and cars Rs. 18,500, furniture Rs. 1,500, live stock Rs. 100, to provide for income and super-tax Rs. 75,000, to pay dividend at Rs. 50 per old share and Rs. 18-8 per new share Rs. 3,28,800, to carry forward to the next account, Rs. 67,324, total Rs. 9,28,124.

Mr. Purshotam Mathradas has been appointed an additional director. Mr. Dadiba Merwanji Dalal resigned from the board on his appointment to the India Council and the directors place on record their appreciation of his valuable services to the company during his term of office. Mr. Haji Goolam Mahomed Ajam was re-elected director.

The donation of Rs. 3,000 made by the board to H. R. H. the Prince of Wales Reception Fund was sanctioned.

The report was adopted; and auditors were re-appointed.

B. C. AND C. I. RAILWAY CO.

The Directors of Bombay, Baroda and Central India Railway, Company, submitted the audited Home Accounts, comprising the Stockholders' Revenue Account and Balance Sheet, to their shareholders for the half-year ended 31st March, 1922, and also the detailed accounts of the working of the railways in India for the year ended 31st March, 1922, in their annual meeting on the 30th June. The report stated the total length of the railways worked by the Company was 3,641.55 miles.

There has been no change since the last report in the amount of Stock raised by the Company, which remains at £2,000,000 Capital Stock and £1,000,000 of 3½ per cent. Debenture Stock. These amounts, having been raised and expended prior to 1st January, 1912, are merged in the agreed-on capitalisation of the Undertaking as at 31st December, 1911, viz., Secretary of State's Capital, £28,000,000 Preferred and £10,500,000 Deferred; and Company's Capital, ₹2,000,000 Preferred together with £1,000,000 Debenture Stock.

With regard to Capital Expenditure since 31st December, 1911, the total incurred up to 31st March, 1922, including Suspense Accounts but excluding payments on account of liabilities incurred prior to 1st January, 1912, has amounted to Rs. 10,46,61,320. The funds to meet this outlay has been advanced by the Government to the extent of Rs. 10,26,51,320, and by the Company to the extent of Rs. 20,10,000, and these amounts constitut temporary additions to the Prefered Capital of the Secretary of State and of the Company, respectively.

Details of the Capital Expenditure total Rs. 85,29,022 for the Broad Gauge and Rs. 4,41,428 for the Metre Gauge, of which Rs. 36,82,035 and Rs. 4,12,598 respectively, are on account of Rolling Stock.

The gross earnings, expenditure, and net earnings for the year are:—

Gross Earnings from Broad Gauge, Rs. 5,84,63,796, from Metre Gauge, Rs. 4,47,75,041, from Combined System, Rs. 10,32,38,837; Expenditure for Combined System, Rs. 7,94,67,047; Net Earnings from Combined System, Rs. 2,37,71,790.

The figures for the current year will, it is expected, show considerable improvement owing to the introduction of revised rates and fares, and the fall in prices of material.

An interim dividend of 1½ per cent. was paid in January last, in addition to the guaranteed interest of 1½ per cent. then due, and the Directors recommend the payment in July next of a final dividend of 1½ per cent., making, together with the guaranteed interest of 1½ per cent. for the half year, a total payment in July of 3 per cent., and a return for the year 1921-22 of 6 per cent.

END OF TEXTILE MILL STRIKE.

The workmen of the Textile Mill at Worli numbering about two thousands resumed their work on Thursday morning. Later in the day more men returned to their work. Thus the strike has come to an end.

The Bombay Humanitarian League in a congratulatory address to the Thakore Saheb of Morvi thanks him for prohibiting the slaughter of cows and other useful cattle in his territory, and requests him to maintain meadows for cattle temporarily or permanently disabled to graze in, free of charge.

The Secretary, City Congress Committee, Amritsar, in reply to the Deputy Superintendent's order of the 10th instant prohibiting the procession in honour of Mr. K. Santanam, Lala Duni Chand and Mr. Malik Lal Khan, recently released from jail, says that he and his colleagues would have disobeyed the Superintendent's illegal order but for the fact that the launching of Civil Disobedience on their part requires the previous sanction of the Punjab Provincial Congress Committee.

A Rangoon message of July 13 says:—The Burma Electoral Rules in their final form and regulations made under them are published in the "Gazette of Burma", extraordinary. Reports from all parts of the province indicate that the action of the General Council of Burmese Associations in deciding to boycott District Councils is meeting with opposition as is the idea of boycotting the reformed council.—(A. THE FRONTIER AND ITS PROBLEMS

(BY G. K. N.)

VII.

From Ladha we retraced our steps to Sara-Rogha. We are now on our return journey. I went straight into the I.M.S. quarters and sought the comfortable tent and genial company of Capt. Master. He showed me the hospital. Malaria of a particularly malignant type is prevalent here. Pneumonia of course is there. Disease is propagated by the sand-flies which make life no less a burden than in Mesopotamia. Against ordinary flies there were "tangle-foot" sheets and other more or less unsatisfactory devices. Here I also saw what is officially regarded as the "heat stroke station", for the cure of victims of the extreme rigours of the climate. Here again I met the hard-working Capt. Christian. On we proceeded to Tank, the dreadful and of unsavory memories, and made a bee line for the railway station the next morning to take train to Mari Indus. We got to the station at 7, but the train did not leave till 8-30. Possibly a time-table is there, but the scheduled time is as regularly observed in the Waziristan as it is on the suburban trains of Bombay. It is a long journey from Tank to Mari Indus. At Laki Marwat, you come to the border where Hinduism, so long in conspicuous minority, again asserts itself. The tea-vendors proclaim "the cup which cheers but not inebriates", as provided specially for Hindu or Musalman. At about 5 o'clock in the evening we got to Kalabag. Major Whitworth and I walked the distance, the others preferred to remain in the train till it moved on, and reached its destination close to the boat which was to ferry us across to Mari Indus. Capt. Carr, the rest camp Adjutant at Kalabag, had provided for our comforts. We had, however, no time to taste of his hospitality. At 6 in the evening we went on board the boat.

"WON'T BE HUSTLED."

Some gentlemen of our party were determined not to "rush it." After we had got up the steamer, it was found they had not yet chosen to step aboard. The boat had to steam back and the distinguished laggards were picked up. The crossing took a few minutes. The passengers on the boat fell into natural knots. In one corner, a group of Punjabis were listening to a minstrel pouring his soul out in full-throated ease. The officers had but two topics: possibility of leave and probability of fresh raids.

It was a weary wait at the Mari Indus station till dinner. A couple of "chotas" were swallowed to help kill time. The dinner bill was handed in Urdu, save the numerals which were supposed to be in English or the original Arabic. It amused me vastly. A couple of my companions were somewhere else, after dishes more tasty and perhaps less expensive.

A MAN OF MANY WOES.

In the train I had the fortune to travel with an I.M.S. Captain till we got to Rawalpindi. The young man, past all youth, seemed to have received one kind of training only, viz., an inartistic way of low grumbling. He had a myriad of owes and billions of grievances—all regarding the indifferent treatment received by him *qua* India. This cheery soul volunteered the additional encouraging information that the Sikhs were now a discontented lot, that the menials threatened to strike, but were held back only by the threats of punishments according to the Military code, that no leave was granted, that passage money, to and from their homes, was curtailed, that applications from storekeepers and others for leave were hung up for months till an efficient substitute was in sight. He struck a general key of utter pensiveness. He was partly corroborated by another officer, who, however, bore his sufferings with more manly reticence. The latter was more concerned with the expected announcement by the Secretary of State regarding the surplus officers. "Let us know our fate", he said, "one way or the other. This life of suspense does not add to the exiguous comforts of Waziristan."

END OF JOURNEY.

Arrived at Pindi the next morning we were at the end of our mission. Here our party broke up. I do not know what became of some of my companions who had undertaken to supply me with copies of sundry documents. I should like to have had a parting glimpse of the twentieth century incarnation of De Quincy. It were as well if I never again came across,—and I would pray to all the gods of the Hindu pantheon that I may not.—Ursa Majors, the types of triple extract of concentrated selfishness. Their narrow nature is represented by millions of illiterate, who are proof against the great Gandhi's divine altruism.

A HAPPY BABY MAKES A HAPPY MOTHER
Mrs. S. W. says: "I myself derived great benefit from Glaxo during the months before Baby was born, and was always in perfect health."

You *can* nurse Baby yourself

If the greatest privilege of motherhood is to be yours; if you would know the joy of having Baby dependent on you alone for health and strength, make sure now that you will be *able* to nurse him yourself.

Very many mothers who could not otherwise nurse their babies have been enabled to do so by taking Glaxo themselves every day. Taken regularly two or three times a day (both before and after Baby's arrival), Glaxo enriches and stimulates the flow of breast milk, and maintains the mother's strength without taxing her digestion.

"TOWN PLANNING."

MR. MIRAMS' LECTURE AT DHARWAR

Mr. Mirams, the Consulting Surveyor to Government, has been giving here a series of lectures on Town Planning and Town Development and Municipal Administration. The first address to the Municipality dealt principally with the matters of cultivating and increasing the civic spirit amongst the members of the Municipality themselves as well as the general public. In the course of his remarks he said that during his visits to Municipalities in various towns, large or small, all over the Presidency, including Sind, he was much struck with the extreme lack of interest shown, not only by the general public in Municipal affairs, but by the members of the Municipalities themselves. That the public did not take any interest in anything of which they had no knowledge whatever was quite natural and entirely due to the members of the Municipality as they did not keep the public informed of what they were doing and what they proposed to do. Now this lack of spirit should not exist amongst the general public and one way to avoid such feelings was to invite them to social meetings at intervals and thus get into touch with their ideas and requirements.

The Municipality was like a business concern, of which the members were Directors, and the general public shareholders, and as such they (the public) had direct interest in every movement of the concern and had every right to discuss about any proposals that may be brought forward before them by the Directors. The Municipality was spending large amounts of money towards the payment of scavengers, sweepers, etc., for doing nothing except cleaning the town. Such large amounts would not be required if every member of the public considered the town as a whole to be his own, just as he would consider his individual house, and see that no rubbish is thrown out by him in streets or allowed to remain in the town. That was what they called in Western countries "Civic Spirit."

Mr. Mirams concluded by explaining to them how the Municipality could carry out various development and improvement schemes in their town under the Town Planning Act with advantage to themselves and to public.

Mr. Mirams also gave a lantern lecture illustrating the result of organized Town Planning and Development in Western countries. Over 40 excellent slides were thrown on the screen, the majority of them showing examples of Town Planning as photographed by the lecturer in several different countries in Europe, while the last few slides illustrated Development Schemes and progress in Belgaum and Dharwar.

YOU WILL RELISH & DIGEST YOUR FOOD

If your digestive organs are in a sound and healthy condition, and extracting full nourishment from the food you eat, there ought to be no sign of pain or discomfort. But to-day thousands are afraid to eat because of the pains that follow even a light meal of good and wholesome food. The cause most probably lies in a weak or disordered digestive system. Possibly the stomach is out of order, the liver a little sluggish, or the bowels constipated. Get them into a state of healthy activity by taking Mother Seigel's Syrup, and you will be able to eat without any painful after-effects, because your food will then be well digested. Put it to the test yourself, you will cease to suffer.

"THE LURE OF THE COUNCILS"

To the Editor of "The Chronicle."

Sir,—"L. G. K." is doing a really great service to the community by exposing in a masterly manner the futility of the present Legislative Councils and the failure of dyarchy. Most of the arguments have, however, been urged and fallen on deaf ears in Maharashtra. A horse is said to be jaded when life stops and there is a verse in Sanskrit which places him second in greatness who glories in the greatness of his father. "L. G. K." need not lose cheer if all these fly flat once more. The most important note "L. G. K." has struck is the one with which he has concluded his article published on 13th July and may secure some attention. This is summed up in one sentence which will bear quotation: "One might appeal to them (Congress politicians) even on grounds of political expediency not to create a greater rift between the classes and the masses at a time when what is desired, is a greater union between the literate and the illiterate, between the Brahmin and the non-Brahmin." To those who claim to be intellectuals and who pride on dissociating politics from straightforwardness, the only argument that can appeal is one based on political expediency and "L. G. K." has hit on such an one.

Since Mr. Jayakar resumed legal practice the Maharashtra Party—as it has come to be called—is trying to make a head. Mr. Jayakar must now be considering whether he did right, because he has had to be defended by Mr. N. C. Kelkar. Mr. Jayakar must be remembering Thelma of Marie Corellie. He has succeeded in supplying some material to newspapers and an occasion to some Poonaites to do Bombay. One was availed of last Sunday when Mr. L. B. Bhopatkar of Poona lectured in the Gandharva Mahavidyalaya and Dr. M. B. Velkar was in the chair. We need not take the latter very seriously. He spoke probably because in India a president must speak something. Again he is so kind and sincere a friend and so genial and estimable a gentleman that I should rather give in than attack him. It has ever been a mystery, the strange alliance between a man with such a transparent heart and the dominant section of the Poona Nationalists. His words, however, must be taken to be binding on the Poona Nationalists who requisitioned his services. They are deserving of being ruminated by those who claim to speak in the name of the Lokamanya of blessed memory. Mr. Tilak was fixed in his principles, but changed his methods. That is advice worth being given to those who refuse to change their methods and are doggedly clinging to the methods suggested by Mr. Tilak in the first part of 1920. When he was asked as to whether he would support the Non-Cooperation movement for the sake of Khilafat, the Lokamanya answered that he would support it if the Moslem League adopted it. The Moslem League did adopt it and had Mr. Tilak lived he would surely have been as good as his word. Dr. Velkar would do well to respect his statement to his apparent friends in Poona.

The meeting in Gandharva Mahavidyalaya was a sorry spectacle if it was a piece of propaganda against the programme chalked out by Mahatma Gandhi. Such a propaganda is in essence unsportsmanlike inasmuch as Mahatma Gandhi has been removed by the bureaucracy, i.e., the common enemy both of Mahatma Gandhi and the dominant section of the Poona Nationalists. **The advice of the President went against such a propaganda as I have shown above. Even the lecturer fared ill. Mr. Bhopatkar is a very courageous man. Living in a stronghold of reactionism, he has proclaimed in favour of the rights of women and the Depressed.** It speaks volumes for his intellect that, in spite of such advanced social views, he has been able to maintain his position in a group which is as single-minded as the Western India Turf Club of Poona. Could such a man not understand that it only spoiled one's case to have to recount past greatness in support of his present position? He who had greatness and lost it, clearly shows that he lost those qualities which bring greatness. The loss of those great qualities is not disproved by a mere recantation of earlier greatness. Take the case of an athlete and a weakling. Should the athlete come down to the position of the latter, he can be charged of a far greater fall than the other who has simply not succeeded in increasing his strength. This is so clear that I wonder how a man of Mr. Bhopatkar's intelligence could not see it.

There was another portion of his speech which should have been preserved in a gramophone as Mr. Bhopatkar's oration and circulated all over Poona. "Physician heal thyself" is too stale a dictum to be quoted to Mr. Bhopatkar. We must have unity, above all preserve unity, cried Mr. Bhopatkar. "Quite so" would anybody say—"Amen!" should everyone utter. This lesson, endorsed by the old gentleman who wound up the meeting with a grandmotherly note, requires to be committed to memory by those who are out avowedly to create a breach in the dead wall of the Congress programme, who are out to convert the majority to their views at a time when the foremost leader of the majority has been removed by a common enemy, and who are out to do something which is not to be described as rebellion. It was very much to be wished that those who have been in possession of the Congress machinery did not bring discredit to the blessed memory of the Lokamanya of India by dragging his name in support of a discredited course of action.—Yours, etc.,

P. R. LELE.

THE NEW SHARE BAZAR.

To the Editor of "The Chronicle."

Sir,—With the re-opening of the New Stock Exchange the Old and the New Stock Exchanges have become the topic of conversation among the public. The well-known grievances against the Old Exchange have led to the re-opening and it can only be justified if such grievances are not allowed to grow up in the New one. Arbitrary fixation of rates by interested parties for settlement purposes is the worst enemy of a Rialto, where everybody should expect fair field and no favour. Why should people go on selling "short"? And if they do, they have to take the consequences. Similarly, people without sufficient funds have no business to go on buying indefinitely beyond their means, and if they do, they must bear the consequences of their own act. They deserve to be left alone so that self-inflicted misery may cure them of their poisonous whims and act as an object lesson to those that may be similarly disposed. Unrestrained bulls and bears are a ban of society and healthy business and deserve no sympathy or protection. At the same time nature being what it is, if people find themselves in authority and loss they cannot resist the temptation of exercising the former to save the latter, irrespective of the effects thereof on the public and the development of business. Let us, therefore, hope that the Directors of the New Exchange will not reserve to themselves the right to fix settlement rates. True it is that there are occasions when supervening circumstances (as distinct from the operations of bulls and bears) necessitate the intervention of and control by disinterested and impartial gentlemen to save an extraordinary situation for the benefit of the public and the trade. For this purpose it would be advisable to have a strong advisory Board to look after the interests of the bona-fide investors, but the members of the Board must be above suspicion and free from bias.

Another handicap that has been experienced in the Old Stock Exchange is the frequent and sudden holidays or lame excuses to suit the convenience of the brokers. Such stoppages act as a deterrent to a regular flow of business and the Directorate will have to guard themselves against the same. The feverish excitement that has prevailed in the Old Stock Exchange in connection with a limited group of shares dealt in by a small number of persons has not left time to the brokers to attend to their other clientele who constitute the bona-fide investors and the backbone of industries and of a sound Stock Exchange. The brokers do not seem to appreciate the great injury they are doing to all concerned including themselves by concentrating attention on a few speculators in the hope of large immediate gains.

India is on the threshold of industrial prosperity and Bombay is recognised as her financial centre. To maintain this position, it is necessary that this city should possess a perfect Stock Exchange. To achieve this end, the Directors of the new organisation have a great responsibility. The duty is also cast on the public to help the Directors by carrying on their dealings at the new place, lest the apathy of the bona-fide investors may perforce cause it to be another preserve for reckless sportsmen. It is only by honest co-operation of the public and the promoters, that the exchange can be brought to a state of perfection, compelling the older sister to join hands with the younger under a well-regulated system, a consummation which alone can solve the problem of the day.—Yours, etc.

NATIONAL YARN.

To the Editor of "The Chronicle."

Sir,—I read in your issue of the 12th instant, a telegram of the Associated Press from Ahmedabad that a parcel of yarn spun by the Mahatma in jail is received by Pujya Kasturba in the Satyagraha Ashram. No doubt it is a 'National Treasure' and hence it is necessary that it should be preserved in a holy place like the Satyagraha Ashram so that the future pilgrims to that "Temple of Liberty" be reminded of our holy struggle and of the sufferings the Mahatma and his 20,000 sincere followers had been subjected to by the bureaucracy. I also bring to the notice of the public the necessity of treasuring the half of the yarn in the Gujarat Vidyapith founded by Mahatma Gandhi with the object of creating love for the spinning wheel in the hearts of its Graduates (Sratakas) that would come out of it every odd year. This yarn should be kept in a public place so that future students of the Vidyapith may always keep before their mind its motto and its principal object of making spinning wheel "a thing of beauty" which may be "the joy for ever" of students studying in the Gujarat Vidyapith and that they may also include it in the curriculum of the National Education as an indispensable thing for the loving sons of Mother India. I hope Principal Gidwani, the Vice-Chancellor of the Gujarat Vidyapith, will arrange with Pujya Kasturba to preserve half of the yarn spun by the Mahatma, in the Vidyapith at a place accessible to every student.—Yours, etc.

SCIENTIFIC TREATMENT.

LEUCODERMA CURE.

Leucoderma or white skin does not easily change colour and the so-called unscientific pills and oils only aggravate and produce a dozen more new complications. But Behar Chemical Works proudly place before the public scientific remedies after laborious provings, and tremendous expenses—remedies that are non-irritant, non-mercurial, i.e., totally harmless drugs producing no reaction. Marvellous specific for Leucoderma ever invented. Cures all other obstinate skin diseases. Rs. 10 per set of internal and external medicines to last one month. Postage As. 8. Writes Mr. B. Sinha from Port Blair—a wonderful thing for Leucoderma—which you are selling at such a cheap rate for the public. Prop. J. N. SEN, L.H.M.S., Medical Practitioner.

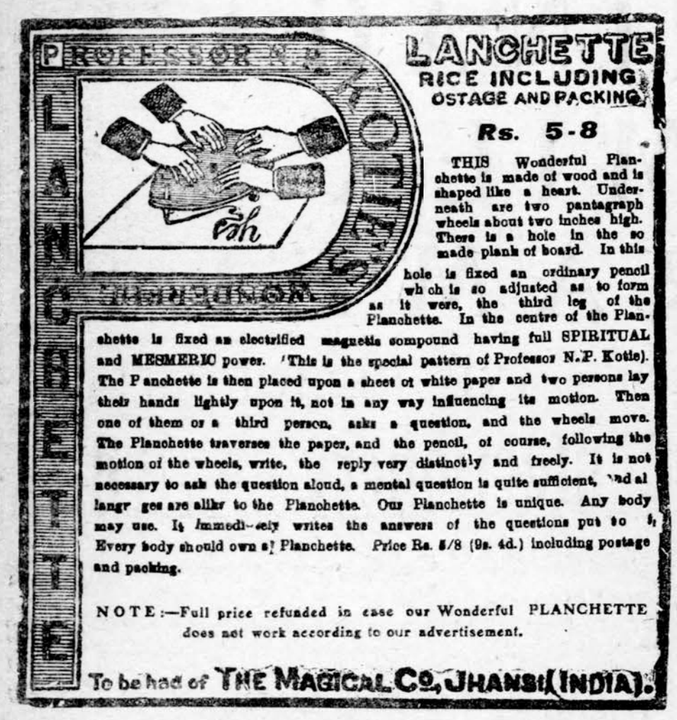
Miracle of Spiritualism



PLANCHETTE RICE INCLUDING POSTAGE AND PACKING. Rs. 5-8

THIS Wonderful Planchette is made of wood and is shaped like a heart. Underneath are two pantagraph wheels about two inches high. There is a hole in the so made plank of board. In this hole is fixed an ordinary pencil which is so adjusted as to form as it were, the third leg of the Planchette. In the centre of the Planchette is fixed an electrified magnetic compound having full SPIRITUAL and MESMERIC power. (This is the special pattern of Professor N.P. Kotie). The Planchette is then placed upon a sheet of white paper and two persons lay their hands lightly upon it, not in any way influencing its motion. Then one of them or a third person, asks a question, and the wheels move. The Planchette traverses the paper, and the pencil, of course, following the motion of the wheels, write, the reply very distinctly and freely. It is not necessary to ask the question aloud, a mental question is quite sufficient, and all langr ges are alike to the Planchette. Our Planchette is unique. Any body may use. It immediately writes the answers of the questions put to it. Every body should own a Planchette. Price Rs. 5/8 (9s. 4d.) including postage and packing.

NOTE:—Full price refunded in case our Wonderful PLANCHETTE does not work according to our advertisement.

To be had of THE MAGICAL Co, JHANSI (INDIA).

SUCCESS AND ENTIRE SATISFACTION GUARANTEED. FULL PRICE REFUNDED IN CASE OF FAILURE.

Now is the time to test our Wonderful PLANCHETTE.

REMARKABLE PRESS OPINION:

The "H' Kesari," Volume II. No. 20. Thursday, October 26, :—We have received a wonderful Planchette from Prof. Kotie for Review. Really it is a wonderful pattern of prof. Kotie's invention. We are very much pleased to see its wonders. A person puts a question mentally or verbally and the Planchette moves on the paper and writes the answer neatly. Questions regarding the Past, the Present, and the Future may be put and answers obtained in any language. Anybody may send for this Planchette from the Magical Co., Jhansi, and see the wonders."

A FEW TESTIMONIALS MORE.

M. Simon Esq., of Messrs. Brown & Co., Ltd., writes from Hatton (Ceylon) on the 18th Sept 1921:—I got one of your Planchettes from a friend of mine who came here from India. I can say the it is a very wonderful thing. During my entertainments I am in success every time with you Planchette."

I. B. Honnavarkar, Esq., of the Eastern Bank Ltd., writes from Bombay on the 23rd September, 1921:—I am glad to inform you that I am successful in getting answers from the Planchette that I bought from you recently."

For those who need lenses of different strengths for near and distant vision we supply . . . .

"UNI-BIFO" Two-Sight Glasses

Bifocal glasses save all the time which is otherwise wasted in finding and adjusting the "other pair." The one pair of glasses will serve both purposes.

Uni-Bifocal "Luxe" Lenses are the most perfect two-sight glasses yet produced. They are more durable than ordinary two-sight glasses because each lens is made from ONE SOLID PIECE OF GLASS. For the same reason, there is no dividing ridge or seam to render them conspicuous.

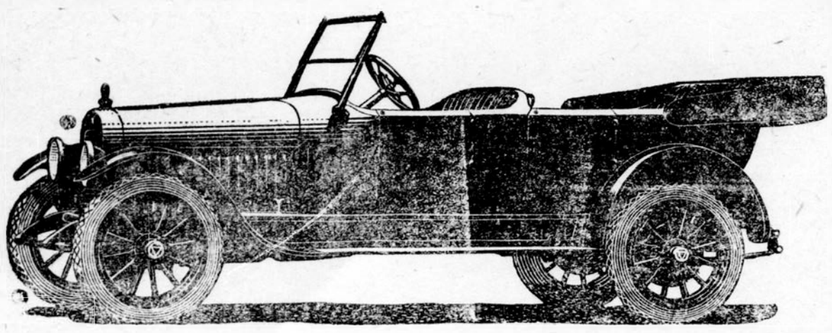
"HUDSON-SUPER-SIX" MOTOR CARS.



As you drive along the Streets of Bombay which is the Car that at frequent intervals flashes past and compels your momentary attention? Mark it the next time and you will find it is the "HUDSON-SUPER-SIX."

If you are the fortunate owner of one of these beautiful Cars we need not sing its praises to you as we are sure you must be singing its praises to all your friends.

If you are contemplating the purchase of a "HUDSON-SUPER-SIX", ask the Man who owns one and then make sure that he is not exaggerating its merits by allowing us to demonstrate the Car to you, when you will yourself join in the Chorus.
